

# 4 Killed, 32 Hurt As High Winds Sweep Thru Georgia

Manchester, Ga., April 13 (P)—Four persons were killed and 32 injured last night when powerful windstorms exploded chain-fashion across Georgia. Property damage was high.

Manchester, Zebulon and Griffin, in west central Georgia, were hit by tornado winds. A pint-sized tornado cut through a rural area in Walker county in extreme northwest Georgia.

The Benthany community near McDonough, in central Georgia, was struck by strong winds a few hours later. Two Negro children were killed and five other members of the same family injured when their house folded under the impact of the wind.

**Negro Crushed**  
The whirling winds first hit at Manchester at 6:30 p. m. (EST), then bounced northeastward and struck Zebulon and Griffin. Considerable property damage was reported at each storm area. No official estimate was available, but it was expected to run into the hundreds of thousands of dollars.

A Negro was crushed to death at Manchester by a toppling freight car, and a companion was seriously injured. The Red Cross said 19 others were injured when the winds destroyed 12 Negro homes and damaged 15 others.

Power lines were knocked down, trees snapped off and the walls of three main street business houses crumbled. City Manager William C. McElmore estimated Manchester damage at \$100,000.

At Zebulon, a Negro was killed and two persons injured. Several tenant houses were destroyed. A peach packing shed and a cannery plant were demolished and the courthouse was damaged.

## SPEEDER AND OTHERS FINED

Malcolm R. Christian, Washington, D. C., arrested Tuesday by state police of the Gettysburg substation on a charge of speeding, was fined \$10 and costs by Justice of the Peace Robert P. Snyder.

Morris Hurwitz, Baltimore, was fined \$5 and costs by Justice of the Peace W. D. Brown, Hunterstown, for a stop sign violation.

Double parking charges were filed with Squire Snyder by borough police against Leo S. Riley, Littlestown R. 2, and Samuel J. Reeve, 34 Middle street. Ten-day notices will be sent.

A ten-day notice was sent today by Justice of the Peace John H. Basehore to A. James Dillon, Biglerville, charging him with reckless driving on Chambersburg street early this morning.

Borough police also filed a double parking charge with Squire Basehore against Melvin G. Chapman, Orrtanna, R. D., and a ten-day notice will be mailed. Chapman is charged with double parking on Center square Saturday night.

## PLAN OUTDOOR MOVIE THEATRE

A 700-car outdoor theatre will be built at Newman's park on the Lincoln highway near Graeffenburg inn, Harry C. Bonduant, vice president and general manager of the Caledonia Amusement corporation, announced today.

Mr. Bonduant said that his company had purchased 26 acres of land from the C. W. Fetters family and that workmen have started constructing a screen tower 50 by 50 feet. Rest rooms and concessions will be built in the projection room, 18 ramps will be built, Bonduant said, to permit full vision of the screen.

Individual car speakers, with volume control will be placed on standards near each car.

The theatre will be operated nightly from dusk to about midnight, regardless of the weather, Bonduant said. The tentative opening date is May 15. The new venture will be known as the Caledonia Park-in theatre.

## EMPLOYMENT SITUATION IN ADAMS BETTER

The employment picture in Adams county appears brighter this month than at any time since the beginning of the year, but the unemployment lists are still higher than they have been in years, E. A. Crouse, manager of the local Pennsylvania State Employment Service office revealed today.

While 1,600 unemployed persons were on the rolls of the county office during the earlier part of the year, the number has been reduced to about 700 at the present time, Crouse said. The active file of unemployed as of the end of March was 775 persons, and that number has dropped slightly during the first third of April.

That unemployment has increased is shown by comparing the file of unemployed as of the end of March a year ago, Crouse said. Then there were 335 names in the active unemployed file.

**Place 208 In March**  
At the same time the increased employment since the beginning of the year is shown by the fact that 208 placements were made in March, of whom 150 were women and 10 veterans. A year ago in March there were 88 placements.

Most of the increase in persons getting jobs during March was due to increased activity in the shoe and clothing industries in the county. Crouse said, and most of those who were placed were individuals going back to jobs similar to those from which they had been laid off when the plants closed, or cut down their staffs. All of the county's shoe factories, but one, are now in operation, Crouse said. And most of the clothing factories have been adding help, or calling back former workers during the past month.

The employment picture was termed by Crouse as "spotty." Some plants, principally garment and shoe factories, are showing increased business. One county shoe factory, for example, was said to be planning to have its largest number of workers in history during the coming summer.

**Reducing Hours**  
At the same time a number of plants have been cutting down the number of hours worked and some (Please Turn to Page 2)

## CLOUDS COVER SHOW ON MOON

Watchers Tuesday night saw the eclipse of the moon, but it was clouds, and not the earth's shadow, which did most of the obscuring of the lunar body.

A haze hung about the moon during the earlier hours preceding the scheduled time of the eclipse, and just before 9:28 p. m., when the beginning of the "blackout" was due, darker masses of clouds passed across the sky between the earth and the moon.

For an hour and 26 minutes the earth hung between the moon and the sun, shutting off the reflected light of the sun, but for much of this time the passage of the earth's shadow could be seen only through a haze or not at all.

Occasionally the clouds lifted enough to see the part of the moon's surface not yet completely obscured, but the show as a whole was a failure.

It was a full moon, some 222,500 miles from the earth, but close enough to make the earth's shadow engulf the smaller planet. At no time, however, was the moon completely dark. Sunlight refracted, or bent by the earth's atmosphere was reflected from the moon's surface in a dim, coppery light.

An hour after the earth's shadow first began to move across the moon, at 9:28 p. m., all of the moon was in shadow. It started moving out "from under" at 11:54 p. m.

## 18,000 Hand-Twisted, Oven-Baked Pretzels Made Daily At Old Quaker Bakery, New Oxford; Estimate 50,000,000 Manufactured In 9 Years

Adams county's only pretzel factory has turned out 50,000,000 of the twisted delicacies since its establishment nine years ago.

That was the estimate made today by Fred G. Klunk, owner of the Old Quaker pretzel factory at New Oxford, the county's lone manufacturer of the one food article that Pennsylvania has made famous—and introduced to the nation.

Klunk's bustling business in "crooked dough" today has reached the point where sales have almost exceeded present plant facilities and the New Oxford resident is considering enlarging his factory, now located in a former bread bakery. At present, to keep a pretzel-hungry populace supplied with succulent tid-bits, the plant is operated day and night, and the oven is kept in constant use turning the white dough into the crisp golden-brown of the finished product.

**24-Hour Process**  
While a pretzel can be consumed in a few moments by a hungry youngster or adult, it takes at least 24 hours to convert a portion of Adams county's soft winter wheat flour into one Adams county brittle, hearth-baked food product.

While a prophet may be without honor in his own community, an Adams county pretzel is greatly appreciated in its own county, Klunk reveals. The entire staff of the Old Quaker pretzel factory is grateful to countians for their acceptance of the native delicacy, Klunk adds.

Every store in New Oxford sells the product, and about 95 per cent of the stores and similar establishments in Gettysburg handle the Old Quaker brand of baked and twisted flour, water, malt and salt.

Fred "Klink, Klunk, Klinch, Klunk," to use some of the names used by those who write to New Oxford for pretzels from outside the state, started out in Adams county, but came into the pretzel

2:10-2:35 period 6—The Rev. Nevin Frantz in charge, "John"; hymn, "When I Survey the Wondrous Cross"; scripture, prayer, meditation; organ interlude.

2:35-3:00 period 7—The Rev. Louis Campbell, "Mary"; scripture, prayer, meditation; hymn, "Jesus, Keep Me Near the Cross"; benediction.

Mrs. J. Warren Martin will be the organist.

## Sleepy Truck Hits Two Autos

When the driver fell asleep at the steering wheel, a truck collided with two parked cars at 5:15 a. m. Tuesday in the 700-block of East Market street, York, causing damage to the automobiles estimated at more than \$150.

According to an investigation made by Patrolmen W. J. Grove and R. H. Enders, the truck, driven by Clarence S. Valentine, of Emmitsburg, was traveling east on Market street, and struck a car parked in front of 713 East Market street, damaging the left rear fender and bumper. Police did not have the name of the owner.

After striking the one car, police said, the truck continued on and collided head-on with an automobile parked in front of 721 East Market, owned by Robert Elsing. Elsing's car was damaged to the amount of \$150.

Police quoted the trucker as saying his vehicle veered to the left when he fell asleep.

## BREAKS COLLARBONE

Phyllis Cleveland, 10-year-old daughter of Mr. and Mrs. Marshall Cleveland, Gettysburg R. 4, was treated at the Warner hospital for a slight fracture of her right collarbone received in a fall while playing at school Tuesday.

business by way of an old baker in Lancaster.

**Born In Centennial**  
Born in Centennial, Fred was a son of Mr. and Mrs. E. G. Klunk, who operated a large cigar factory in that community. His mother died shortly after Fred was born and his father died of influenza in 1918, when the future pretzel maker was but nine years old. After his father's death, he came into the pretzel

business by way of an old baker in Lancaster.

**COUPLE TO WED**  
A marriage license was issued at the court house today to Grier LaVerne Keilholz, son of Mr. and Mrs. Grier J. Keilholz, Keymar R. 1, Md., and Bessie Marie Good, daughter of Mr. and Mrs. Harry J. Good, Littlestown R. 2.

## Apple Tax Bill Passes House

Harrisburg, April 13 (P)—A House-passed bill to impose a one-cent-a-bushel apple tax in Pennsylvania faced a doubtful future today in the state Senate.

Sen. Frederick L. Homsher (R-Lancaster) served notice that he would "do all in my power to stop this bill." Homsher led a successful drive in the 1947 Legislature against a similar measure.

The bill would levy a one-cent tax on producers of more than 500 bushels of apples a year to promote the sale of Pennsylvania apples. "I'm against this bill because it would make the state a collection agency for a private industry," Homsher explained.

He added that "if we give this sort of thing a foothold it could lead to all sorts of evils."

However, Sen. George B. Scarlett (R-Chester), chairman of the Senate agriculture committee, declared himself "heartily in support of this bill."

"I was for such a bill in 1947 and I am for this bill," Scarlett declared. He said, however, that he doesn't know what action his committee will take on the measure next week.

(Assemblyman Francis Worley voted for the measure Tuesday in the House.)

## PLAN DAIRY MEETING

There will be a general dairy meeting on the theme "Grow Healthy Heifers" at 8 o'clock Thursday night at the court house Assistant County Ira N. Dunmire announced today. Specialists from State College will speak.

The Epsilon Delta chapter of Beta Sigma Phi today announced it has completed arrangements with the Easter Bunny for a mammoth egg hunt Saturday afternoon on the local high school grounds.

Janet Sixeas, chairman of the committee in charge, reported at a meeting of the local woman's unit Tuesday night at the recreation center that upwards of 1,400 brightly colored eggs will be spotted on the grass and in other hiding places around the high school Saturday afternoon and prizes will be awarded to the youngsters securing the most eggs during the hunt.

The search will begin at 3 o'clock for all youngsters from one to seven years of age. A prize will be given to the youngster between two and three finding the most eggs; another prize will go to the one between four and five finding the most eggs of any youngster in his age group. Another prize will go to the top hunter of the six and seven year age group.

**Grand Prize**  
And to the one among the divisional winners having the highest number of eggs will go a full sized chocolate replica of the Easter Bunny himself.

The affair, which marks the second year the local sorority has held such an event, is being confined to

## He Deserves A Decoration

Springfield, Mass., April 13 (P)—"Any kids?" asked a landlord. The query was put to a West-over Field soldier, desperately seeking an apartment.

"Yes," replied the soldier with a sad expression. "But they're in the cemetery."

The soldier's wife brushed away a tear.

They got the apartment by paying six months' rent in advance.

Then they drove to the cemetery, picked up their three children, who were in on the ruse, and marched into the apartment.

The landlord objected to the youngsters. The parents brushed him off by waving the rental receipt.

## Littlestown Man Treated For Shock

Walter C. Kuhn, 22, Gettysburg R. 5, is a patient at the Warner hospital after receiving an electrical shock Tuesday evening at 6:30 o'clock while working at the Littlestown Hardware and Foundry plant.

Kuhn, whose duties consist of picking castings out of sand, attempted to turn on an over-head fan in the molding room and is believed to have come in contact with a water pipe. He was knocked down by the shock. Dr. D. B. Coover, Littlestown, treated him for a slight burn on the right elbow after which he was removed to the hospital in the Littlestown ambulance.

## CHURCH TO HOLD DAWN SERVICE EASTER SUNDAY

The presentation of "The Magdalene" will feature the Easter dawn service at Bethlehem Lutheran church, Benderville, Easter Sunday morning at 6 o'clock. The cast for the play, which is under the direction of the Rev. Dr. O. D. Coble, is as follows: "Justus," Thomas Motter; "Rhoda," Joan Coble; "Pontius Pilate," David Houck; "Claudia," Lucy Breighner; "Mary Magdalene," Janet Hoffnagle; "Mark," Robert Kime; messenger, Donald Wright; high priests, John Hoffman and Dean McCauslin, and "Nicodemus," Robert Peters.

A good Friday worship service will be held at the church Friday evening at 7:30 o'clock.

**Members Received**  
The following were received into membership of the church by letters of transfer at the Palm Sunday service: Mr. and Mrs. John Mummert, Mr. and Mrs. Harold Peters, Miss Justine Horick, Mrs. Robert Kime, Mrs. Melvin Poland, Donald M. Poland, Mr. and Mrs. Evers P. Rinehart, Miss Nina M. Stock, Mrs. Earl Starnier, Mrs. Jean Baldwin and Mrs. Glenn Taylor.

At the baptismal service held at the church the same day, the following children were baptized: Ann Louise Baldwin, daughter of Mr. and Mrs. Roy Baldwin; Larry Eugene and Darryl Sidney, sons of Mr. and Mrs. John Mummert; Linda Mae, daughter of Mr. and Mrs. Freeman Kuntz; Scott Thompson, son of Mr. and Mrs. Robert Deatrich; Gayle Louise, daughter of Mr. and Mrs. John Pitzer; Susan Marguerite, daughter of Mr. and Mrs. Harry D. Pitzer; Lois Kaye, daughter of Mr. and Mrs. Evers P. Rinehart, and Gregory Lee, son of Mr. and Mrs. Cecil R. Snyder.

**TO DISTRIBUTE CIRCULARS**  
Richard Rife, local representative of the Blue Cross, today asked Girl and Boy Scout troops wishing to distribute circular for the Blue Cross if possible to do so on Thursday afternoon. The circulars will be available at the Leatherman room, he said. The room is the one on Center Square between the Acme Market and the YWCA.

**Worley Votes Alone Against "Repealer"**  
Assemblyman Francis Worley of Adams county was the only member of the House on Tuesday to vote against an amendment to the highway code of 1945 which would repeal a limit of "\$12,000,000 above taxes" that had been placed on state highway fund expenditures in Philadelphia.

Mr. Worley described the repealer as "a tax grab" aimed at the funds to be brought in by the increased gasoline tax. He added that he felt the measure was against the interest of rural counties.

The measure passed the Senate 50 to 0.

## BREAKS BONE IN FOOT

Maxine Stewart, proprietor of the Adams house, fractured a bone in her left foot at the Hotel New Yorker Monday, while on a visit to New York city. She fell in a corridor of the hotel. The foot was placed in a cast and she was able to return to Gettysburg.

The president, Mrs. Jules Swope, presided at the meeting.

## GUILD CIRCLES HOLD MEETINGS

Three circles of the Women's Service Guild of the Presbyterian church held meetings Tuesday evening in the homes of members with a total attendance of about 50.

Members of Circle No. 1 met at the home of Miss Maybelle Scott, 444 Baltimore street, with 23 in attendance and Mrs. J. C. Brister presiding. Devotions were led by Mrs. Edward Pfeffer and it was announced the Circle's church assignment for the current quarter are the care of choir gowns and kitchen duties. The members are selling boxes of tea and bottles of permanent finish wax. Plans were made for a rummage sale April 27 in the Leatherman building, center square.

Circle No. 1 will meet next on June 14 at the Knoxlyn home of Miss Martha Dickson.

Members of Circle No. 3 gathered at the home of Mrs. E. Mae Beales with 12 in attendance and Mrs. E. W. Thomas as assistant hostess. They completed plans for a sale of baked goods and fancy Easter eggs at the Gettysburg Hardware store Saturday from 8 a. m. to noon. The next meeting will be held at the Hotel Gettysburg June 14 with Mrs. Henry Scharf and Mrs. John K. Lott as hostesses. They also talked over plans for the September meeting of the Guild when that Circle will be in charge.

Twelve members of Circle No. 4 met at the home of Mrs. Frank Hewetson, Biglerville, and made plans to sell garden plants at the May 10 meeting of the Guild.

**Dr. Wentz Opposes North Atlantic Pact**  
Dr. A. R. Wentz, president of the Gettysburg Lutheran Theological seminary, is among 300 Pennsylvanians who signed an open letter urging Congress to reject the North Atlantic treaty.

The letter urges rejection of the agreement as a step toward war and asks President Truman to ease the cold war by opening direct discussions with the Soviet Union, according to an Associated Press dispatch today.

WILL OBSERVE "GOOD FRIDAY"

Gettysburg residents and Adams county residents will join with most of the Christian world Friday in the observance of Good Friday, and solemn contemplation of the closing events of Holy Week. Tomorrow will be observed in many churches as Maundy Thursday.

Most stores and business places in Gettysburg will close at noon on Friday, and will not re-open until 3 o'clock. A community church service will be held from 1:45 to 2:45 p. m. at the United Brethren church. The Rev. C. R. Biddle, pastor of the Otterbein Memorial Brethren church, Harrisburg, will be in charge of the service.

For students of Gettysburg college, the Easter vacation began this morning. The public schools will close Thursday, and remain closed until Tuesday. College will re-open on Wednesday.

The parochial schools will be closed Thursday, Friday and Monday.

The Adams County Library announced that it will be closed all day Friday. Books due on Friday may be returned Saturday.

HOUSE PASSES BILL FOR VETS

Washington, April 13 (AP) — The House today overwhelmingly passed an emergency \$595,890,000 bill to provide educational and unemployment benefits to veterans for the next three months. The measure now goes to the Senate.

President Truman asked for the extra money on Monday. He cited an increase in the number of jobless veterans since January 1 and higher GI education and training costs due to bigger allowances voted by the last Congress.

Mr. Truman said that of the original \$2,629,977,894 given to the Veterans' Administration for the benefits program this fiscal year, there is only enough left for about ten more days. The fiscal year ends on June 30.

Payments out of the fund were about \$344,000,000 last month. They are expected to average \$271,000,000 in April, May and June.

Rep. Taber (R-NY) told the House veterans' employment has increased from 240,000 last October to 670,000 in March, but "a drop-off" is expected in April, May and June.

Winner Of 77-Round Ring Battle Is Dead

St. Louis, April 13 (AP)—Harry S. Sharpe, who won a fabulous fight of 77 rounds in 1893 and established a boxing record that still stands, died today at the age of 78.

On February 5, 1893, Sharpe knocked out Frank Crosby in the 77th round in a picnic grove at Nameoki, Ill. — for the Missouri lightweight title.

Boxing was illegal at the time. To get away from St. Louis police, who had stopped two previous attempts to have the battle, there was a special train for the occasion on a Sunday afternoon.

It was 56 years ago. Until a few days ago Sharpe was active as an insurance man. He suffered a light stroke, went to a hospital and died at 6:35 a. m. today.

Mr. and Mrs. Ira K. Black, Sunken Gardens, Lincolnway east, announce the birth of twin daughters at the Warner hospital Tuesday afternoon.

A daughter was born at the hospital this morning to Mr. and Mrs. Stanley V. Straley, Littlestown.

San Marino, Calif., April 13 (AP)—Little Kathy Fiscus will be buried today in the frilly white dress that she had hoped to wear to church on Easter Sunday. In the small blue casket also lay the favorite doll of the three-year-old tot whose death in an old well became a world epic.

MANY TO SEE FARM 'REBUILT'

A number of Adams county farmers who are students under the GI farm training act are scheduled to take part in a joint effort May 16-17 in which the farm of Richard Eyer, at Pleasant Hall in Franklin county will be completely "rebuilt."

Eyer, a World War II veteran and father of five children and a GI agriculture student, has been chosen by the United States Department of Agriculture for its fourth demonstration of farm conservation, which involves the complete redoing of a farm. The program will include such things as the application of 110 tons of lime donated by lime suppliers of the state, application of 23 tons of superphosphate, application of two tons of fertilizer containing potash, seeding of Ladino clover, clearing land for pasture, establishment of contour strips, construction of diversion terraces, establishment of sod waterways, placing of tile underdrains, construction of a farm pond, planting of six thousand trees on steep hillsides, and the like. One hundred and twenty veterans who are in farm training from Franklin, Cumberland and Adams counties will do the actual work.

One hundred pieces of machinery are to be provided by farm machinery concerns for the work and fifty soldiers from various army barracks will operate walkie-talkie radios to keep the various workmen in touch with supervisors.

Richard C. Lighter, Buford avenue, agricultural education and GI agriculture training supervisor for Adams and Franklin counties is among the officials laying the plans for the project which will complete ten years of work in two days on the Eyer farm. He was attending a meeting on the project at Chambersburg today.

Eyer is 32. He was a rifleman in General MacArthur's first cavalry. His last assignment in the Pacific area was in Tokyo. His children range from age 1 to 11.

mittee, to report at the May meeting. A president, first and second vice presidents, recording secretary, corresponding secretary, treasurer, board member for three years, delegate and alternate, are to be elected. The new officers will be installed in June and assume office in July. Serving on the nominating committee with Mrs. Blocher will be Miss Esther V. Hartman and Mrs. Buehler.

To Attend Conference

Five members will attend the spring conference of the North Atlantic region on Saturday and Sunday, April 23 and 24 at Hotel Hildebrecht, Trenton, N. J. Mrs. Griest, Miss Foth, Mrs. Curtis Flohr and Mrs. Hennig will represent the club. Mrs. Buehler will also attend the conference as treasurer of the region.

Several communications were read by both the presidents and the secretary, Mrs. Violet Hill. These included an invitation from the Hanover club to attend its ninth birthday dinner, Wednesday, May 11, at 7 o'clock at the Hotel Richard McAllister. Club members are asked to place their reservations with Mrs. George F. Eberhart not later than Monday, May 2, if they plan to attend.

The next activity of the club will be a "Boy and Girl Week" observance at a dinner to be held at the Peace Light Inn on Tuesday evening, April 26. Each member is asked to bring a boy or girl of school age as a guest. Mrs. Anna Crouse, Gettysburg R. 1, was appointed a member of that dinner committee to replace Mrs. Wayne Keet who has been ill and will be unable to serve.

Mrs. Hill won the draw prize which was donated by Miss Evelyn Altoff, Littlestown.

Find Bodies Of Father And Son

Philadelphia, April 13 (AP)—A 16-year-old boy was found beaten to death with a hammer in a bedroom of his home today. His father was discovered hanged from a clothesline in the basement.

Police identified the dead as Lawrence Baer, 45, and his son Roger. Baer's wife and a three-year-old son, Steven, left last Monday for a visit with Mrs. Baer's mother in Wellesley, Mass., neighbors told police.

A police detail was sent to the house in suburban Kirklyn where authorities at the Upper Darby police station said they received a letter from Baer.

New York, April 12 (AP)—An official of Columbia university says it expects its president, Gen. Dwight D. Eisenhower, to be back within a few weeks and to remain "for many years ahead." Prof. Albert C. Jacobs, Columbia provost, made the statement Monday in addressing a dinner of the university's American Press Institute.

New York, April 12 (AP)—Britain and the Arab countries are expected to make a last futile gesture of opposition today against immediate admission of Israel as the 59th member of the United Nations.

Plank Hurled First Game At Shibe Park

Shibe Park, Philadelphia, home field for the Philadelphia Athletics, was 40 years old on Tuesday. Eddie Plank, Gettysburg's best known big league star, pitched the A's to a six-hit 8-1 decision over the Boston Red Sox in dedicating the ball park before 30,162 paying customers.

TOBACCO CLIMBS

New York, April 13 (AP)—Liggett & Myers Tobacco Co. stock took the play in today's market for the second day running. The balance of the market — with the exception of a few issues affected by specific news developments — held a steady course. Liggett & Myers advanced 2 points (more at one time) following a 4-point break yesterday on word of details of an offer to sell additional stock to shareholders.

EMPLOYMENT

(Continued from Page 1)

few employers are actually employing workers whom they do not need to handle business at hand. Some workers in those few plants are being employed simply to help them over the period and with the hope that business conditions may soon improve in the industry, providing more work.

Road construction is starting up again in the county for the summer, Crouse said, but prospects are not as bright as they were last year for large employment. Last year with about \$3,000,000 worth of road construction about 500 countians secured jobs for various lengths of time during the summer on road work. This year it is expected that the new Lincoln highway will be completed within a comparatively short time and that the Table Rock road, another that provided much employment last summer, will probably be finished by the middle of May.

Several bridge building projects are scheduled for the county, Crouse also revealed, but added that there was still a question whether they would be built this summer due to the lack of steel.

ner guard, Kenneth Thomas; outer guard, Crosby N. Hartzell.

The installation ceremony was conducted by J. Merle Kittinger, of Valley Home lodge, No. 740, Fairfield, district deputy grand master of Adams county, and his installing staff which included George M. Neely, grand marshal; James U. Neely, grand warden, and Dorsey J. Schultz, chaplain, all of Fairfield lodge.

The outgoing past grand was elected to represent the local lodge at the annual sessions of the grand lodge of Pennsylvania, which will convene at Harrisburg in June. Clarence A. Heiges was chosen as delegate to the meetings of the board of directors of the Odd Fellows' home in Middletown.

During the business session, the treasurer, C. A. Heiges, presented the semi-annual statement of the lodge for the quarter ending March 31.

Following the installation, the degree team of Gettys lodge, under the captaincy of David A. Tawney, conferred the mysteries of the first degree upon a class of candidates.

SAYS COUNTRY AIR NOT 'PURE'

State College, April 13 (AP) — People who leave the city for the week-end, seeking a breath of clean, country air, really are escaping only the man-made pollution in the air.

Dr. Hans Neuberger, professor and chief of the division of meteorology at the Pennsylvania State college, points out that country air is not necessarily "clean."

The so-called "clean country air" contains argon, neon, helium, ozone, carbon dioxide, radio-active emanations from the earth, and various nitrogen and sulfur compounds. There also may be variable amounts of water vapor and many solid and liquid substances.

Small meteors that bombard the earth disintegrate and the resulting dust amounts to about 1,000 tons per day. In addition, there are pollen spores, viruses, bacteria, and other micro-organisms.

Dust storms and volcanic eruptions produce a tremendous amount of dust. Dr. Neuberger says. The eruption of Mt. Katmai in Alaska in 1912, for example, threw 24 billion cubic yards of dust into the air, dust that was still detectable in Europe as late as 1914.

## GHS Nine Drubs Delone 9-1; Face Westminster Thursday

Ronnie Kump, veteran Gettysburg high school hurler, whiffed 18 batsmen as the Warriors opened their season here Tuesday afternoon by easily defeating Delone Catholic of McSherrystown 9-1.

Kump whiffed the side in the third, fifth, sixth and seventh innings. In addition he collected three safeties. His battery-mate led the locals' attack with a single, double and triple.

The Warriors will go after their second straight victory Thursday afternoon when Westminster high plays here. The game will start at 2:30 o'clock, one hour earlier than the usual starting time.

The defeat was doubly costly to the Squires as Bernard Smith, shortstop, suffered a fractured left hand in the opening inning when struck by one of Kump's fast ball pitches.

Coach Howard Shoemaker's outfit, which gives every indication of developing into a power-house aggregation, tallied twice in the opening frame. Signor drew a base on balls. Kump and Donaldson singled and an error by J. Kuhn combined to produce a pair of runs.

Another pair came in the second frame on a hit batsman Staub's error on Singley's boulder, a single by Bushman and a pair of outs and a single by Bucher.

Delone tabbed its lone run in the fourth. A single by Claybaugh followed by an outfield error, and R. Small's one-baser produced the tally.

An error, fielder's choice and safety by Kump gave the Warriors two more runs in the fourth.

Singles by Signor and Kump and Bucher's homerun accounted for the final trio of Gettysburg tallies in the sixth.

## PORTERFIELD IS YANK HOPEFUL

Terre Haute, Ind., April 13 (AP)—There's a silver lining in every dark cloud and in the case of the New York Yankees the silver lining is sophomore Bob Porterfield, who now has pitched 15 2/3 hitless innings.

Porterfield lifted some of the gloom that enshrouded the Yankee party at Port Worth, Tex., yesterday over the departure of Joe DiMaggio. DiMaggio, key to Yankee flag hopes, left the team for Baltimore for another examination of his troublesome right heel.

The 24-year-old pitcher carved a 10-0 no-hit triumph over Port Worth of the Texas league yesterday in Port Worth. The game was called after eight innings to allow the Yanks to entrain for Terre Haute, where they meet the local three ele league team today.

Porterfield, who pitched a 2-0 one-hitter against the Cincinnati Reds his last time out, faced only 27 Cats, three above the minimum.

The big righthander, fanned seven and walked two. The other Cat got on base via an error by shortstop Jerry Coleman. Coleman atoned fohis miscue with a three run homer in the seventh inning.

The masterpiece was the first in spring play since Murry Dickson, then with the St. Louis Cardinals, pitched a 7-0 no-hit no-run triumph over the Yanks last March 30 at St. Petersburg, Fla.

In 1936 grasshoppers caused three times as much food crop-loss in the United States as they usually do.

## EAST BERLIN 9 WINS 2-1 TILT

The East Berlin high school baseball team chalked up its second win in as many starts Tuesday afternoon by defeating St. Francis Prep 2-1 on the latter's field behind the superb twirling of Ned Dettler and Bill Moul.

Dettler, making his debut as a hurler, permitted but one hit and whiffed eight batsmen in five frames. Bill Moul, who got credit for the victory, fanned five of the six men to face him in the last two innings.

Each team tabbed a run in the third frame with Coach Zimmermann's outfit pushing over the winning tally in the seventh.

On Thursday East Berlin will play at Dillsburg.

## BULLETS LACE JOHNS HOPKINS BY 15-2 SCORE

Finding their batting eyes for the first time this season, the Gettysburg college baseball team pounded out a 15-2 victory over Johns Hopkins here Tuesday afternoon for the Bullets' second win of the campaign. Gene Hummel, with three singles, a homerun and four runs batted-in, paced the 14-hit attack of the Plankmen.

Coach Ira Plank altered his batting lineup slightly and the revised order paid dividends.

Bill Brown hurled the first three frames for Gettysburg and gave up four hits including a home run by Weiner. Ken Houtz finished and permitted two hits in his three innings.

After five and one-half innings of play Plate Umpire Beattie turned to the crowd and announced "game called." The crowd and players seemed startled by the sudden and unexpected calling of the game. Players milled around the field. The Johns Hopkins coach approached Beattie and there was a brief discussion. Coach Ira Plank of the Bullets was called to the confab and then departed for the gymnasium as did the Gettysburg players.

However Johns Hopkins players milled about the umpire and argued against calling the game but to no avail. Beattie had announced that he called the game because it was "getting hazy." With the exception of some clouds in the west the sky was almost cloudless.

Johns Hopkins scored in the first inning in Koerber's double and Gaudreau's single.

### Four-Run Rally

The Bullets came back with four runs in their half of the frame. Wieand and Novak walked. Atherholt doubled to score Wieand. Hummel beat out an infield hit while Novak scored. Another infield hit by Huntzinger permitted Atherholt and Hummel to tally.

Bud Wiener accounted for Johns Hopkins' only other run when he led off the second frame with a long homerun between center and right field.

A base on balls to Wieand, a balk and Novak's single to right produced another Bullet run in the second.

Atherholt walked in the third and scored ahead of Hummel on the latter's homerun down the left field foul line. Miller replaced Doyle on the mound for the visitors and was greeted by a single by Huntzinger. Singles by Wieand, Cervino and Novak pushed over three more tallies.

In the fifth Houtz and Wieand singled. Houtz scored when Cervino's boulder went through Koerber. An

error by Schlerf on Novak's ground-er filled the bases. Jones singled to score Wieand and Cervino and Hummel singled to center to drive across Novak and Jones.

The Bullets will now be idle until Saturday, April 23, when Mt. St. Mary's plays here.

## Training Camp Briefs

Atlanta, Ga., April 13 (AP)—Unless double-play matters change for the better, the sacrifice bunt probably will remain the keystone of the Philadelphia Athletics' attack.

The players may argue against it, and even Manager Connie Mack concedes the sacrifice usually reduces the possibility of a big inning, but he has figures to prove that other methods of producing runs are too risky.

Against 25 double plays and one three-ply killing in spring exhibition games the A's themselves have been the victims of 29 double plays.

Louisville, Ky., April 13 (AP)—Manager Eddie Sawyer eyed Del Ennis' big bat today and hoped that it would continue its red hot wallowing for a long time to come.

Ennis clouted a single, a double and home run and drove in three of the Philadelphia Phillies four runs yesterday as Ken Heintzelman and Ken Trinkle collaborated on a three-hit shutout against the Cincinnati Reds. It was Ennis' best batting day of the spring training season.

Emmitsburg, Md., April 13 (AP)—Pinch-hitter Bill Finn banged a three-run homer for Mt. St. Mary's Tuesday as the Mounts' bowed to Scranton University, 6-3.

Scranton took advantage of a walk, an error and a single for two runs in the first. In the sixth, First Baseman Tom Trele homered with one aboard and two St. Mary's errors helped produce two more runs in the same inning.

Tom Kokoska, the Mounts' pitcher, allowed but five hits in the seven-inning game.

## Meyer Calls Casey 'Best Pitcher Ever'

Birmingham, Ala., April 13 (AP)—"The best pitcher I've ever seen." That's quite a compliment, especially coming from Manager Bill Meyer of the Pittsburgh Pirates. He's usually quite conservative.

The subject of the superlative is not some youngster expected to win 20 games this season. It's an old-time relief pitcher, Hugh Casey, ex-Brooklyn Dodger, who probably won't get a single starting assignment with the Buccos this year.

"I've never seen anyone like him,"

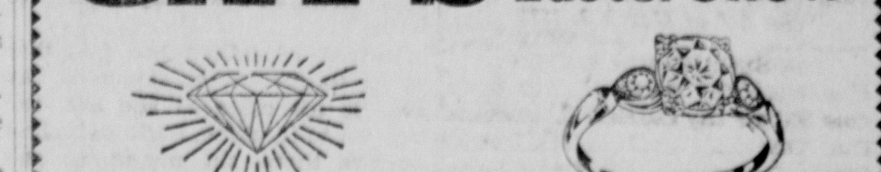

are scheduled for mound duty. Coach Goldie Holt will be in charge of the squad as Manager Bill Meyer flew to Knoxville to close his home for the summer.

commented Meyer. "He is in control of the situation every time he takes the mound. A manager doesn't have to worry about him getting free with bases on balls."

"That's what makes him a great relief pitcher."

Georgia's Johnny Rouck, Alabama's Ed Salem and Auburn's Russell Inman each had 13 passes intercepted during 1948, more than any other Southeastern Conference passers.

**Women Voters to Form Branch**  
Here: Forty-four women, representing all political faiths and from every section of Adams County, held a luncheon at the Blue Parrot Tea Room Thursday afternoon, and decided to join the Pennsylvania League of Women Voters by organizing a branch of that league in the county.

Mrs. Herbert C. Alleman, Mrs. C. F. Sanders and Mrs. Robert Eldon were appointed a committee to nominate officers for the Adams county branch of the League.

The committee in charge of Thursday's luncheon was composed of Mrs. John McIlhenny, Mrs. Richard Walton, Miss Annie Sheely and Mrs. Robert Eldon.

**Country Club Directors Organize for the Year:** Directors of the Quaker Valley Country Club, in their organization meeting at the Eagle Hotel Thursday evening, chose W. C. Tyson as president, and W. D. Himes as vice president. The other members of the board of directors are Philip Bickle, Doyle Leathers and Grover C. Myers.

**Robert McClellan:** Miss Helen E. McClellan, daughter of Mr. and Mrs. Edward K. McClellan, Golden's Station, and John Franklin Robert, son of Mr. and Mrs. Charles F. Robert, of Seven Stars, were married at the Reformed parsonage in Fairfield, by the Rev. Walter C. Pugh.

**33 Drivers Pass at Examinations:** Thirty-three would-be automobile drivers appeared Monday before members of the State Motor Patrol in Gettysburg for examination as to their fitness to handle a machine on the roads without the supervision of another driver. Every one of the applicants passed.

**Storage Company Elects Officials:** The annual meeting of the stockholders of the Adams County Cold Storage Company was held at the company's offices here Tuesday evening, when the following officers and directors were chosen for the coming year.

Dr. C. H. Huber, president; C. J. Tyson, vice president; Charles B. Dougherty, treasurer and manager, and Daniel Sheely, Robert Shult, J. Elmer Musselman, C. H. Smith, I. L. Taylor and Dorsey Dougherty, directors.

A dividend of 5 per cent on capital stock was declared payable May 15.

**Wed at Parsonage:** Miss Lottie Almyr Angell, of Harney, Maryland, and James Kump, of Emmitsburg, Maryland, were married at the parsonage of the Mt. Joy Lutheran church on Wednesday evening by the Rev. L. K. Young, pastor.

**Here and There—Eggs at Low Record:** With the purchasing price of eggs at 18 cents in Gettysburg the "hen fruit" has reached the lowest value in years.

## Today's Talk

By GEORGE MATTHEW ADAMS

### A COOK BOOK STORY

Many years ago a lady, by the name of Eliza Acton, went into the publishing house of Longmans, Green, London publishers, to sell a batch of poetry. Said the head of the house: "My dear madam, it's no good bringing me any poetry. Nobody wants poetry now." Then, as though to further add to her disappointment, he said: "Bring me a Cook Book, and we might come to terms."

Instead of telling the publisher where to get off, or slamming the door to his office as she left, the lady got to thinking. Perhaps he had an idea there, she mused. So she went home and wrote a Cook Book, under the title of "Modern Cookery," brought it back—undoubtedly to the surprise of the publisher—and it was accepted. This book was published under the date of 1845. It sold edition after edition, and the publisher was so pleased that he got out a volume of the lady's poems—which did not sell, and were soon forgotten! What an item for a collector of Cook Books to have today!

I have been amazed at the great number of Cook Books published today—almost without end. One would think that about all the formulas for good cooking had been exhausted—but no, they may never be at an end! And when it is noted that newspapers place among their most prominent features the ways and means of cooking and the many recipes offered, a good Cook Book has lost none of its popularity, for it is but a supplement to the widely read recipes. I am told that the food feature is the most widely read by women of any other in a newspaper.

That lady who wanted to be a famous poet leaves a lesson for us all. What people want and can use is what is profitable. Publishers understand this, though their judgment often fails. Many a now famous writer can tell of being refused publication by a dozen or more publishers before one who took his chance—and won!

The late Henry Ford once told me that if anyone could make an article that would be useful, or an improvement upon something else, he need not worry about its being profitable. Things that are practical are always in demand. A good Cook Book is an asset in every well-regulated home.

Tomorrow Mr. Adams will talk on the subject: "Intellectual Slumming"

## BRITISH DON'T LIKE CORN MEAL OR HOMINY CRITS

By DEWITT MACKENZIE

(AP Foreign Affairs Analyst)

England is up in arms again over the prospect of having to eat American corn meal or hominy grits—and there's the deuce to pay.

The upheaval started when amazed Britons read in their newspapers that these two products would be going to Europe in great quantities soon as part of the European Recovery plan shipments. The reaction was general and explosive. An AP dispatch summed it up in this blunt British comment:

"Now the Yanks expect us to eat the ruddy stuff!"

Those of us who know what delectable dishes can be conjured out of corn meal and grits find it difficult to understand the violent antipathy of the British to this food. But the dislike is there and it's deep-seated. One just doesn't eat corn meal, old chap. It simply isn't done.

### Is Old Grievance

This current outburst really is a revival of an old grievance against which our British cousins revolted successfully (and they thought conclusively) back in 1917 during World War I. I was in England at the time and so was a close observer of that amazing development.

The British Isles at that time were hungry—mighty hungry. The German submarine campaign had played havoc with Atlantic shipping upon which England was dependent for the bulk of her food supplies. She could not then, and cannot now, produce at home anything like the amount of foodstuffs required by her big population. The necessity of feeding a great army abroad doubled her difficulties.

However, a large quantity of corn meal was available in Britain. So Herbert Hoover, chairman of the American Relief commission, inaugurated a campaign to get the public to eat dishes made from the corn products. He enlisted the aid of the big British dailies and full page ads were run, urging folks to use corn meal and telling them how to do it.

### "Good for Pigs"

Not a hope! With one accord the people turned up their noses and refused to eat corn. They said it wasn't fit for human consumption but was only good for pigs and chickens. They really preferred to go on short rations rather than experiment with corn meal.

Now the issue has to be fought out again. I suspect that if John Bull would give corn products a good trial we should find him liking them. Some of the best corn bread and muffins I ever have eaten are made by an English gal. That's my wife.

## Near Decision On State Police Bill

Harrisburg, April 13 (AP)—Pennsylvania's state police force would be increased from 1,600 to 1,800 men under a measure up for a final vote in the Senate today.

The measure represented a compromise between Gov. James H. Duff's recommendation for an increase of 400 men and opposition from some Republicans and the Senate Democratic minority to any increase at all.

Duff urged a larger force to provide more patrolmen for state highway safety work.

Harrisburg, April 13 (AP)—Pennsylvania's 1950 Farm Show will be held the week of January 9-13. The date was fixed yesterday by the State Farm Show commission. The 1949 exhibit, one of the largest in the nation, brought a record attendance of 580,000 visitors during the five days.

## CONGRESSMAN ASSAILS REDS

Washington, April 13 (AP)—A vigorous denunciation of Communism by Rep. Cavalcante, Unlontown Democrat, was the most heated speech delivered by a Pennsylvanian during the three days of House debate on the foreign aid bill.

The bill was passed late yesterday, 354 to 48.

The stocky freshman congressman, who is chief counsel for District 4 of the United Mine Workers, also swung out orally at veteran House member, Vito Marcantonio, American Labor party representative from New York.

To Marcantonio, who had branded the \$5,380,000,000 measure a warlike gesture directed at Russia, Cavalcante replied: "The gentleman (Marcantonio) did not brand as a war program the billions of dollars appropriated by this House in the pre-Pearl Harbor days for the deliverance of Communistic Russia from the assaults of European fascism."

"I wonder whether the gentleman would brand as a war program the appropriation of a few billion of American dollars to assist Communistic Russia to a more expeditious subjugation of the free governments of China, Italy, France, England, and all ECA (Economic Cooperation Administration) participating countries?"

Cavalcante said he knows that American aid is benefiting Italy. He has an uncle, three aunts and 36 cousins over there to advise him, he said.

### ONE OPPOSED ERP

Washington, April 13 (AP)—Rep. Rich, Woolrich Republican, was the only member of the Pennsylvania House delegation who opposed the bill continuing the European recovery program. The House passed the measure 354-48 yesterday. Rep. Kearns (R) of Farrell was not listed as voting.

## MILITIA BILL GETS HEARING

Harrisburg, April 13 (AP)—A Senate-passed measure to make every able-bodied male Pennsylvanian between 18 and 45 years a member of the state militia came up today for consideration by the House Military Affairs committee.

The bill was drafted by a special military advisory committee named by Gov. James H. Duff as a codification of the state's Militia and National Guard laws.

The measure, designated the military code of 1949, also would set up procedure for the use of a draft to provide men for the Pennsylvania National Guard or the Pennsylvania Guard at the discretion of the governor.

It would repeal existing laws on the Militia and the National Guard, including an 1899 law which makes every able bodied male between 21

and 45 liable for enrollment in the state Militia and allows the governor to draft them in case of war, invasion, suppression of riots or to give aid to civil officers.

Under the new code, the state Militia would be divided into three classes—the National Guard, the Guard—40 be created in times of emergency or war—and "The Unorganized Militia." The latter would consist of all able-bodied persons not in organized units.

The governor also would be empowered to order an enrollment of all persons liable to militia service by volunteer or draft and would permit the mustering in of enrolled militia members into existing or new units.

## AIR FORCE AND ARMY ATTACK DEFENSE SETUP

Washington, April 13 (AP)—The air force joined the army today in publicly blasting the existing national defense set up as inadequate and expensive.

Secretary of Air Symington, appearing at a closed-door session of the Senate Armed Services committee Thursday, declared the present unification law "has not worked satisfactorily." Chairman Tydings (D-Md.) made the testimony public today.

"We have tried out this half-measure organization and there is unanimous agreement that it is inadequate," Symington said. He added that former Secretary of Defense Forrestal "has constantly been a referee of three brawls as he tried to operate his job."

"Could Save Billions" Like Secretary of the Army Royall, who said much the same thing in an open session of the committee yesterday, Symington said the civilian defense chief never will be able to ride herd on the quarreling army, navy and air force unless he is given much greater power.

Such authority, he said, "could save billions annually."

That could be accomplished, Symington added, by operating the defense department "from a fresh start as against trying to haul together three independent units," each with its own training, procurement and the like.

When such a merger of functions was adopted in the San Francisco defense region, he said, it ended a "triplication in warehousing, in transportation, and so forth."

**Would Keep Ike's Job** Just as Royall did, Symington urged dropping the civilian heads of the army, navy and air force from their present ranks to the position of undersecretaries.

Both officials went considerably beyond the measure intended to tighten up the unification of the three services which is now before the Senate committee.

The bill would make the chairmanship of the joint chiefs of staff—now held temporarily by Gen. Dwight D. Eisenhower—a permanent job. The chairman would be top military adviser to the President and secretary of defense. Both Royall and Symington gave that their complete backing.

**An "Absurdity"** As now set up the joint chiefs must make decisions by unanimous vote, Royall called that an "absurdity" and Symington's testimony went further.

"One member of the joint chiefs of staff," the air secretary said, "can gut the decisions of the other two."

Secretary of Defense Johnson, just back from a meeting of the joint chiefs with Eisenhower at Key West, Fla., made it clear at a news conference that any disagreements among the military high command must not be aired publicly.

## 'Hoover Commission' Proposed For Penna.

Harrisburg, April 13 (AP)—A "little Hoover commission" was proposed for Pennsylvania Tuesday.

The 12-man agency would have powers to investigate operations of state government similar to those extended by Congress to former President Herbert Hoover in suggesting the streamlining of federal government.

Sponsored by Reps. Samuel B. Dennison (R-Jefferson) and William B. McMillen (R-Indiana), the measure was introduced in the House. It provides for a Bi-Partisan agency composed of six persons from private life, two Senators, two representatives and two Commonwealth executives.

The bill asks that the agency look into the present organization and methods of operation of all departments, bureau, boards, commissions and independent agencies of the executive branch of the Commonwealth. Such a probe, the measure added, is designed "to promote economy, efficiency and improved service" and eliminate "duplication and overlapping of services and activities."

## OFFER ZONING BILL

Harrisburg, April 13 (AP)—Legislation providing for rigid zoning regulations along Pennsylvania's Blue Star Memorial highway was before a Senate committee today. A measure, offered last night in the Senate by Sens. John M. Walker (R-Allegheny) and Fred P. Hare, Jr. (R-Somerset), would set up a state road-side commission to regulate zoning along the memorial route.

## Assembly Starts Work On Rent Bill

Harrisburg, April 13 (AP)—The General Assembly started the ball rolling today on state rent control legislation.

The Administration program, introduced into the Senate last night by Sens. John M. Walker (R-Allegheny) and Fred P. Hare, Jr. (R-Somerset), would:

1. Permit municipalities to decon-

trol rents subject to Gov. James H. Ruff's approval.

2. Establish a temporary state rent control board to take over controls should Federal restrictions be dropped within the next two years.

The "home rule" bill carries out provisions of the recently enacted Federal law which set up a process for removal of rent controls by states, cities and other local areas.

## FATE UNCERTAIN FOR STRIKE BILL

Harrisburg, April 13 (AP)—A Senate-passed bill to require a 75-day cooling off period in transportation strikes faced an uncertain future today in the lower House.

The measure was adopted by the Senate last night after a stormy debate. The vote was 29-30 with five Republicans joining 15 Democrats in voting against the bill.

After the hour-long debate ended the vote had been counted, and Sen. Joseph Barr (D-Allegheny) told the Senate: "I think the House of Representatives will show more sense than the Senate and will never pass this punitive piece of legislation."

Sponsored by Sen. A. Evans Keppert (R-Phila.), it would authorize the governor to name a conciliator when a transportation labor dispute reached an impasse. If both sides failed to agree in 60 days, a secret election would be held on the employer's last best offer.

Sen. John H. Dent, Democratic floor leader, called the bill a "strike-breaking weapon" and said its provisions had been "lifted bodily" from the Taft-Hartley labor law.

"The Legislature has no business interfering in the relations between employers and employees," he added.

## DRIVE-IN BANK OPENS

Philadelphia, April 13 (AP)—Philadelphia's first drive-in bank opened for business Tuesday. James A. Bell, president of the North-

western National bank, said the drive-in idea was adopted by the North Philadelphia Banking institution as an answer to the parking problem confronting motorists. The drive-in

bank is a new structure behind the main Northwestern building. Capable of handling two cars at a time, it has double windows at each deposit point.

## DENY DEFENSE OF 11 GERMANS

Nuernberg, Germany, April 13 (AP)—A U. S. war crimes court today rejected a defense by accused German war criminals that charged the Allies themselves with violating international law in their occupation of Germany.

The claim was raised by 11 German diplomats and Nazi government officials accused of wartime plunder and spoliation in countries conquered by Germany.

The 11 are among 21 whose trial was the last in the long series of war crimes trials held by American courts. Two of the 21 who were charged only with crimes against the Jews were cleared yesterday and freed.

At least five of the 11 charged with plundering occupied countries were convicted today as the court rejected their "you, too" defense. The court declared flatly: "We find no justification for the contention that the law of belligerent occupation has changed since 1945 or that the policy of the Allied governments during the post war occupation of Germany contravenes the Hague convention, so as to make applicable the defense of tu quoque (you too) here sought to be interpreted."

Of the 11 accused of participation in this plunder, five had been convicted and two acquitted by mid-day. The court still was reading its 833-page opinion which was begun Monday morning.

## UN TO DEBATE CHURCH TRIALS

Lake Success, April 13 (AP)—The United Nations Assembly, over Russian protests, will debate the prosecution of churchmen by two non-members of the U.N., Hungary and Bulgaria.

The decision was reached late yesterday on a 30 to 7 vote, with the Soviet Union and its satellites in opposition. An unusual number of nations—20—declined to vote. The Scandinavian nations declared the charges of violations of human rights should be handled first under the peace treaties with Hungary and Bulgaria.

The cases at issue are those of Joseph Cardinal Mindszenty in Hungary and the 15 Protestant churchmen sentenced in Bulgaria. Alexander Panyushkin, Soviet delegate, contended action by the U.N. would interfere without warrant in the domestic affairs of the two countries. Bolivia, Belgium and Uruguay spearheaded the campaign for full debate on the issue.

Representing the United States, Benjamin V. Cohen argued the Assembly should discuss the cases but said delegates must study carefully whatever action is demanded. He indicated the United States was interested in the Scandinavian proposal for action first under the peace treaties. These treaties guarantee freedom of expression and worship to the Hungarians and Bulgarians.

The vote was by a show of hands.

## Wreath Placed On Roosevelt's Grave

Hyde Park, N. Y., April 13 (AP)—A wreath from the President of the United States was placed on the grave of the late President Franklin D. Roosevelt Tuesday, the fourth anniversary of his death.

Col. Perry McC. Smith, of the U.S. Military academy at West Point, laid President Truman's tribute — a fern wreath — on the grave at 10 a. m.

An honor guard of one officer and two men from the academy accompanied Col. Smith for the ceremony. The President's wreath traditionally is the first tribute placed.

Immediately afterward national park attendants placed wreaths from Bernard Baruch, financier and presidential adviser, and Winston Churchill, wartime prime minister of Great Britain. These were followed by floral tributes from F.D.R. Post 1284, American Legion, and the Jewish war veterans, both of New York city.

## Crop Outlook Is "Most Optimistic"

Harrisburg, April 13 (AP)—The "most" optimistic spring crop outlook in years—that's the forecast of the State Agriculture department. The Department said some oats are showing green, winter grain pastures and hay fields came through the winter with little or no damage. Early cherries and peaches are in full bloom, some pears are in blossom and early apples are showing pink buds, the Department noted.

### Chapter 24

"Fenton's pen," Raff mused. "So this is Fenton's pen. Well, I'm glad I found it." He looked at Ellen. "Dear, don't you think we'd better go now?"

Ellen said, "It will just take a minute to get Al Vall's address."

"Never mind that," said Raff; just get Fenton's address."

She looked at him soberly. "Do you suppose it was Fenton?"

"I don't know. I'm going to find out what his pen was doing in a room to which he claimed he had no key," he said grimly.

She copied the address and handed him the slip. In a few minutes they were on their way.

The house where the Fenton's lived was in the middle of a whole block of identical two-family residences, all badly in need of a coat of paint.

Raff stopped the car and told Ellen, "I'm going in alone. You stay here. I'm leaving the keys, and if I'm not out in 15 minutes you go straight to the police station. Understand?"

She nodded and he kissed her briefly.

"Be careful," she whispered. Raff pressed the bell. The house was dark and quiet. After about two minutes of silence he rang again.

A light became visible somewhere in the back of the apartment. Presently the porch light went on and the curtains on the door were parted. The door was opened a crack and a woman's husky voice asked:

"What is it?" What do you want?" "Sorry to disturb you at this hour, but I must see Dr. Fenton."

The door opened wide. "Come in, won't you? Dr. Fenton will be here in a minute."

Fenton came into the room, hurriedly pulling on a bathrobe. He blinked at the lights in the room.

"This man wants to see you, Harold," Mrs. Fenton went over to her husband's side. Despite the friendliness she displayed toward him, Raff felt that she was ready to stand by Fenton.

He was beginning to experience a bad taste in his mouth.

"Why, hello," Fenton was extremely cordial. "You're that young doctor fellow who was in the office this morning."

"That's right. My name's Rafferty," the men shook hands.

"And this is Mrs. Fenton." Raff inclined his head in acknowledgment.

"And now, young fellow, what can I do for you?"

"Dr. Fenton, is this your pen?" "Yes, yes, it is. Well, thank you for finding it."

"I found it in Dr. Hubbard's office tonight," Raff said quietly.

A change came over Fenton's face instantly. It was difficult to realize it had been smiling only a moment before. Now there was only fright.

"Why do you tell me this?" Fenton whispered.

"Dr. Fenton," Raff said not unkindly, "there's something I'd like to talk to you about. He hesitated, and then added, "There's no need to keep Mrs. Fenton up at this hour with our talk."

Mrs. Fenton made a move as if to go, but her husband put his arm out to stop her. "I'd rather you stayed," he said in a broken voice. "It's all right."

"May I ask why you've come here at this hour? Certainly not to return my pen." Indignation filled Fenton's voice.

"You're right. It wasn't just to return your pen. I want to know what you were doing in Hubbard's private office—the office to which you told Miss Carter you had no key."

"I can't see, young man, where it is any concern of yours." There was a slight note of belligerency in Fenton's voice.

"All right, I'll tell you what concern it is of mine. Dr. Bray called me last night. He told me he had some information that Hubbard's death was not, shall we say, due to natural causes. I was to be at his office at nine o'clock this morning and he would turn the information over to me. Apparently he had reasons of his own for not wanting to communicate with the police."

"But this is—well, confusing is the word. Is it possible that Professor Bray's mind was deteriorating and that this ultimately led the poor man to suicide?"

"I think that is what the murderer wanted us to believe."

"The murderer! Then you do think that Professor Hubbard was—"

He didn't finish the sentence.

"Yes, Dr. Fenton, Hubbard was murdered by a very clever method. It was only at the autopsy that we discovered it."

"But, upon my soul, I don't understand Bray's desperate deed." He

seemed rather unconcerned over Hubbard's murder.

"It's easier to understand if you realize that Bray was murdered, too," Raff said softly.

"You mean—it wasn't suicide?" Fenton said hoarsely.

"It was not suicide. We have definitely established that."

"The poor man—the poor, poor man," Fenton shook his head slowly from side to side. Suddenly he looked up at Raff. His lips began to tremble.

"Why, then, you've come here—you suspect—you think I killed them." He turned to his wife. "Martha, he thinks that I killed two men."

"Dr. Rafferty, just what makes you suspect my husband?" Mrs. Fenton's voice was still calm.

"We have reason to believe that the culprit had managed to obtain a key to Hubbard's office. I'm afraid I'll have to know just why Dr. Fenton obtained one."

Martha Fenton looked hard at Raff, then turned to her husband. "Harold, tell him about the letter," she said.

## OMNIBUS BILL ON COAL LEVY

Harrisburg, April 13 (AP)—The administration today readied an omnibus bill to combat mine subsidence and underground fires.

Behind-the-scenes opposition from coal operators brought a change in strategy after a conference between Gov. James H. Duff and Republican House leaders yesterday.

Instead of a separate bill for a two-cent-a-ton statewide coal tax and others setting up procedures in the anti-mine subsidence and fire fight, it was decided to submit one bill to:

1. Impose a levy of two cents a ton on both anthracite and bituminous coal production to raise \$4,000,000 a year.

2. Allocate the money to the state Mines Department which would be empowered to consign to private contractors the job of flushing abandoned mines endangering surface property and isolating mine fires by encircling them with a deep trench.

3. Grant new powers to local municipalities to require coal operators to provide maps of underground workings including a designation of supporting mine pillars.

Pep. Adam T. Bower (R-Northumberland) said he would co-sponsor the coal tax measure with Rep. Charles H. Brunner, Jr. (R-Montgomery), House GOP leader.

## Tougher Penalties On Shortweight Pass

Harrisburg, April 13 (AP)—Legislation designed to tighten up Pennsylvania's shortweight laws had the approval today of the general assembly.

The measure, passed last week by the House, was sent to the governor after winning final approval last night in the Senate.

The bills would establish for a first time a minimum penalty of \$10 or 10 days in jail for violation of weight laws and would strengthen regulations governing the weighing of solid fuels.

Daley: "Crunchy Flakes." Wanda Pettyjohn; "A Hunting." Kenneth Bucher; "Why We Like Easter," Jean Krout, Shirley Hoff, Gloria Burgoon and Sandra Shadle; and "The Woodpecker," by the grade.

An Easter program will be presented by the fourth grade of the Littlestown public schools, Mrs. Myrtle Manthey, teacher, on Thursday morning. Pupils of the fifth grade, Harvey W. Schwartz, teacher, will be guests. The program follows: song, "Diddlely, Diddlely, Dumpty" by the grade; exercise, "Easter Lilies," Susan Crouse, Lois Sparver and Charlene Bowers; recitation, "Sweet Spring," Gary Keefe; exercise, "Why We Like Easter," Margaret Knight, Eleanor Harner, Colleen Angstead and Mary Ann Burgoon.

The fourth grade program continues: Recitation, "Copying Easter," Gladys Hiker; exercise, "On Arbor Day," Gary Strevig, Clair Worley, Theron Dayhoff, Herbert Motter and Kenneth Koontz; recitation, "Rabbit," Jean Rebert; exercise, "We Have a Bunny," Carl Pottorff, Charles Reed, Ronald Burk; song, "The Frog in the Well," exercise, "April Days," Larry Sheely, Leroy Basehoar and Donald Sell; playlet, "Rosie Bunny's Easter Strike," Geraldine Roberts, Susanne Blocher, Roberta Rose and Richard Horner; recitation, "Happy Easter Time," Hazel Krout; exercise, "The Easter Lily," Jane Barton, Bette Reaver and Peggy Miller; recitation, "Easter," Loretta Study; exercise, "Easter Joy," Allen King, Tony Maitland, and John Shomper; exercise, "The Easter Bunny," Albert Snyder and Wayne Reader; exercise, "Peep-Peep," Gerald Good and Barbara King; and recitation, "April Sweet Month," Robert Crouse.

Easter vacation for the Littlestown Jointure will begin Thursday at 2:30 p. m. The pupils will return to school, Tuesday, April 19, 8:30 a. m.

In observance of Good Friday, the state Liquor store and the Littlestown National and State banks will be closed all day Friday.

Holy week services will begin in Christ Reformed church near Littlestown tonight at 7:30 o'clock. The pastor, the Rev. John C. Brumbach, will administer adult baptism and confirmation. His theme will be, "Our Christian Confession."

The Rev. Grantas E. Hoopert will preach the third sermon in the series, "Come . . . Rest," which is "Resting in a Home" tonight at 7:30 o'clock in the Centenary Methodist church.

"A Plan Millered," which is the sixth word in the series "Seven Words from the Cross" will be the theme of the sermon by the Rev. Kenneth D. James tonight at 8 o'clock in St. John's Lutheran church.

## PLANS SAG FOR CANAL TO LAKE

Pittsburgh, April 13 (AP)—Sponsors of the Ohio River-Lake Erie canal, who yesterday lost Army support for their project, today sought a new leader.

Walter E. Lorence, executive vice president of the Ohio Valley Improvement association, handed the board of trustees his resignation last night, effective "on or about June 1."

Main threat of the OVIA's canal proposal is the recently-announced, privately-financed riverlake conveyor. The conveyor through a long chain of overhead belts, would in a large measure duplicate the service offered by a government-built canal.

As the OVIA ended its 53rd convention, Col. F. H. Falkner, Lorence's successor as head of the Army engineers' Pittsburgh district, told the members: "We do not desire to compete with private enterprise. So if it is possible to obtain the objective by a belt line, or by increasing the efficiency of the railroads, instead of a canal, the corps of engineers will use those means."

For two years Lorence has been the active leader of OVIA. Asked if announcement of the conveyor project had any connection with his resignation, Lorence replied, "possibly."

## Boys' Slayer Gets Death Sentence

Bremen, Germany, April 13 (AP)—The death sentence was imposed yesterday on a 39-year-old ship's steward, Bodo Fries, for the murder of two young boys. He was convicted by a German court after testifying that he slew the youngsters in 1945 and 1947 while possessed with "the urge to kill someone."

Fries also told the court he cut up the body of one of his victims and served some of the flesh to his family, telling them it was pork.

## 7 FISHERMEN DROWN

Berlin, April 13 (AP)—Seven German fishermen drowned when two small boats overturned in the Baltic off Griefswald, in the Russian zone, the Soviet-controlled news agency ADN said Tuesday.

Ken Loeffler, coach of the Providence Steamrollers of the Basketball Association of America, is a scout for the New York Yankees during the baseball season.

## New Oxford

New Oxford—Miss Frances Robinson, who resided for some time at the home of Joseph I. Weaver, husband of her deceased sister, has gone to make her home with the Raymond Long family, Irishtown. Mr. and Mrs. Charles Weaver and children are now living with "Joe" Weaver, father of Charles.

The men's chorus of the Men's Brotherhood of St. Paul's Reformed church, organized during the winter, made its first public appearance on Palm Sunday when the men participated with the church choir at the evening at a Palm Sunday music festival of sacred selections. Also having a prominent part in the festival was Miss Nancy L. Gable who sang "The Palms."

The local fire company conducted a business meeting at the engine house during the past week.

Mr. and Mrs. A. P. Markel are now residing at their newly erected brick house along the Lincoln highway, east of town, although work on the place is not yet entirely completed.

The Mite society of St. John's Reformed church, New Chester, conducted its annual Easter sale on Saturday at the New Chester Memorial hall.

Mrs. Karl S. Hoffmeister entertained fellow members of the local "500" club at her home on Tuesday evening.

The Rev. and Mrs. George E. Sheffer of the First Lutheran parsonage had as a house guest their son, Lieut. George E. Sheffer, Jr., who has been studying at Ann Arbor, Mich., after

his graduation from West Point Military Academy.

Ralph Klingel, who has been employed at Washington, D. C., paid a brief visit to his home recently.

# SHIP COLLISION STARTS 5-HOUR BLAZE IN BAY

Marcus Hook, Pa., April 13 (AP)—Two ships collided early today in a dense fog, setting off a fire that raged unchecked for five hours. Crashing into each other in the Delaware bay at 2:40 a. m. (Eastern Standard Time) were the 13,300-ton oil tanker Pennsylvania Sun and the 7,007 ton freighter American Attorney. One man, crewman Walter Roberts, Sharon Hill, Pa., of the oil tanker, was swept overboard in the crash. He was picked up unharmed by a passing ship. No casualties were reported. The 42 crewmen aboard the Pennsylvania Sun attacked the blaze in the dry cargo hold with foamite, but soon ran out of the fire fighting equipment. They dispatched an S.O.S. to the

Coast Guard which promptly launched a plane from Brooklyn, carrying the foamite. Cutters also were sent to the scene. The fog was so dense the plane couldn't land. Goose Goslin, former World Series star with the Detroit Tigers, who now owns a rowboat-renting establishment at Bayside, N. J., about five miles from the crash scene, reported: "We heard the whistles screaming, but the fog was so thick even the ducks were in bed." Sun Oil company reported the fire aboard the Pennsylvania Sun was under control shortly after 7 a. m., but that smoke still poured from the ship at 10 a. m. **Cargo Burns Fiercely** The vessel remained anchored in the bay awaiting a fresh shipment of foamite being rushed to her by the Raritan Sun, another Sun Oil vessel. When the fog lifted, the Pennsylvania Sun was to return to her base at Sun's headquarters at Marcus Hook. She had departed from Marcus Hook last night en route to Texas to pick up oil. In her dry cargo hold she carried packaged goods crated

# THREE MEMBERS NAMED TO GOP POLICY GROUP

Washington, April 13 (AP)—Rep. Joseph W. Martin (R-Mass.), named three House members today to serve on the Republican national policy committee. Capitol Hill Republicans have now reached agreement with GOP Chairman Hugh D. Scott, Jr., on 1950 campaign tactics. Martin, the party's leader in the House, picked Reps. Leonard Hall of New York, Francis Case of South Dakota and Donald L. Jackson of California for the policy group set up by the GOP National committee at its January meeting in Omaha. Senate members will be Owen

in cardboard. It was the packaged material that blazed fiercely. A big hole was torn in the hold. U.S. Lines, owner of the American Attorney, reported in New York that vessel's bow was stove in and that fire broke out in her fore-peak. It was under control at 6:55 and she headed for the Sun yards at Marcus Hook for repairs. Coast Guard headquarters at Philadelphia reported it was investigating the crash. A spokesman said there was no report of what caused the collision but said likely it was a result of the heavy fog.

# SCHOTT CHOSEN

(Continued from Page 1)  
the piano by Wilbur Reck. Brief talks were given by Luther D. Snyder, George Smith and Dr. H. A. Stonesifer, members of the club, on their vacation in Florida. **Directors Elected** An election was held for directors to serve for two years with the following results: A. W. Schott, George Smith and Paul Snyder. The other directors are: Charles Ritter, Stanley B. Stover and Luther D. Snyder. District Governor Dunbar spoke concerning the Carlisle district conference. He stressed that it is important that each member should attend at least a part of the program. Next Week's meeting will be a dinner meeting only, due to the district meeting. The meeting on April 26 will be a ladies' event when there will be an outing to Great Falls on the Potomac. This event will be in charge of the program committee, of which Charles Ritter is the chairman. The Ever Willing Sunday school class of St. John's Lutheran church, Mrs. Henry W. Badders, teacher, went to the home of one of their members, Mrs. Robert Weaver, in Hagerstown, Monday evening for their monthly meeting. Mrs. Weaver is the former Anna Renner of Littlestown. Following a song service by the group, the hostess conducted the evening devotions. There were games and contests. Guest packages were donated by Mrs. Weaver and Mrs. Fred King. Both were received by Mrs. Harry W. Badders. The next meeting will be held in the social hall of the church on Monday, May 9 at 6:30 p. m., in the form of a covered dish supper. It will be a mother-daughter banquet. The following comprised the party that went to Hagerstown: Mrs. Harry W. Badders, Mrs. Charles Tressler, Mrs. Edgar E. Yealy, Mr. and Mrs. Albert Starner, Mr. and Mrs. Fred Leister, Mrs. Noah Strevig, Mrs. Donald Reaver, Mrs. Kenneth Bortner, Mrs. Fred King and Mrs. Dale Starry. **Holy Week Services** Holy week services will be held tonight at 7:30 o'clock in St. Paul's Lutheran church. The pastor, the Rev. David S. Kammerer will use as his theme, "The Betrayal of Jesus." There will be confessions tonight from 7 to 8 o'clock in St. Aloysius Catholic church. Holy Thursday, there will be high mass at 7:30 a. m. There will be a procession of the Blessed Sacrament to the repository with the school children participating in the processional. Adoration of the Blessed Sacrament all day. Devotions in honor of the Blessed Sacrament, Thursday, 7:30 p. m. The Rev. Frank E. Reynolds, pastor of Redeemer's Reformed church, will discuss chapters 12 and 13 of "St. Mark" at the Holy week service tonight at 7:30 o'clock. Brewster of Maine, Henry Cabot Lodge, Jr., of Massachusetts and Hugh Butler of Nebraska. Indications are that Republican Governors will pick Alfred E. Driscoll of New Jersey, Frank Carlson of Kansas and either Arthur B. Langlie of Washington or some other far westerner for their representatives on the group. **Speed GOP Drive** The moves to speed the GOP vote drive organization included an informal agreement between Scott and Congress leaders on the roles of the Senate, House and national committees. They came in the wake of generally favorable political reaction to President Truman's two informal visits to Capitol Hill yesterday. In one of these Mr. Truman lunched with Senators of both parties. Then, in a chatty, 475-word speech to the Senate, he expressed hope that history will judge as "not in vain" his "level best" efforts to serve the American people. Three hours later Mr. Truman went back to Capitol Hill for a visit in the office of House Speaker Sam Rayburn (D-Tex.). It was from Rayburn's office, almost to the hour four years earlier, that Mr. Truman was called to the White House to learn of the death of President Roosevelt.

The semi-monthly meeting of Ocker Snyder Post No. 321, American Legion, will be held Thursday at 8 p. m. in the post home, East King street. The executive committee will meet at 7:30 p. m. Both are important meetings. The monthly meeting of the Loyalty Sunday school class of St. Paul's Lutheran church, Mrs. Carl Baumgardner, teacher, was held Monday evening in the Sunday school room. Mrs. Esther Wolfe read the scripture lesson and teacher offered the evening prayer. A reading, "Easter" was presented by Mrs. H. Dean Stover. Vocal duets, "My Cathedral" and "The Easter Parade" were sung by Mrs. Ernest Renner and Mrs. Henry E. Waltman, accompanied on the piano by Mrs. H. Dean Stover. There were 23 members, five new members and one visitor in attendance. Mrs. Wolfe read the treasurer's report. Poems entitled, "Easter" were read by Mrs. Henry E. Waltman and Miss Mary Wintode. **Will Hold Social** A piano duet, "American Patrol," was presented by Mrs. Esther R. Wolfe and her daughter, Miss Jean Wolfe. It was decided to hold a covered dish social at the May meeting when group No. 1, of which Mrs. Charles Kump is the chairman and group No. 5, of which Mrs. Paul Kammerer is the chairman, will have charge of the arrangements and the entertainment. Mrs. H. Dean Stover donated a guess package which was received by Mrs. Emory Gitt. Contents were enjoyed and prizes were won by Mrs. Nevaeh Crouse and Mrs. L. Robert Snyder. Refreshments were served by the hostess Mrs. Wolfe, assisted by group No. 4, consisting of Mrs. Howard Trostle, chairman, Mrs. Ernest Renner, Mrs. Henry E. Waltman, Miss Mary Wintode and Mrs. H. Dean Stover.

## U.S., Britain And France Reduce Number Of Factories To Leave Germany

### ALL OR PARTS OF 159 PLANTS TAKEN OFF LIST

Washington, April 13 (AP) — The United States, Britain and France today announced a sharp cut in the number of factories to be removed from western Germany.

All or part of 159 plants are to be removed from the reparations list previously agreed upon.

A State department announcement said the amount of equipment formerly scheduled for removal but now to be left there varies among the 159 plants "from a single piece of equipment in a plant to the entire equipment of an operating factory."

"The equipment which will be retained in Germany is located in 32 plants in the steel industry, 88 metal working plants, 32 chemical plants and seven plants in the non-ferrous metal industries," the announcement said.

Five of the steel industry plants, it was explained, produce crude steel and these will raise western Germany's steelmaking capacity by 165,000 tons a year. That will give western Germany a total capacity of about 13,465,000 (M) tons annually.

The production ceiling of 11,100,000 tons a year remains.

Simultaneously with the State department announcement, the British and French foreign offices were due to release their own statements on the same agreement.

**Have Three-fold Goal**  
The announcements are the latest in a series of moves aimed at this three-fold objective:

1. To give Germany limited self-government.
2. To advance the conquered nation toward economic self-sufficiency, and
3. To enable Germany to contribute more to the total recovery of Europe.

### Workman Is Buried Alive In Concrete

Santa Monica, Calif., April 13 (AP) — A 62-year-old workman—his first day on the new job—was buried alive under 300,000 pounds of freshly-poured concrete in the collapse of the roof of a five million gallon city reservoir.

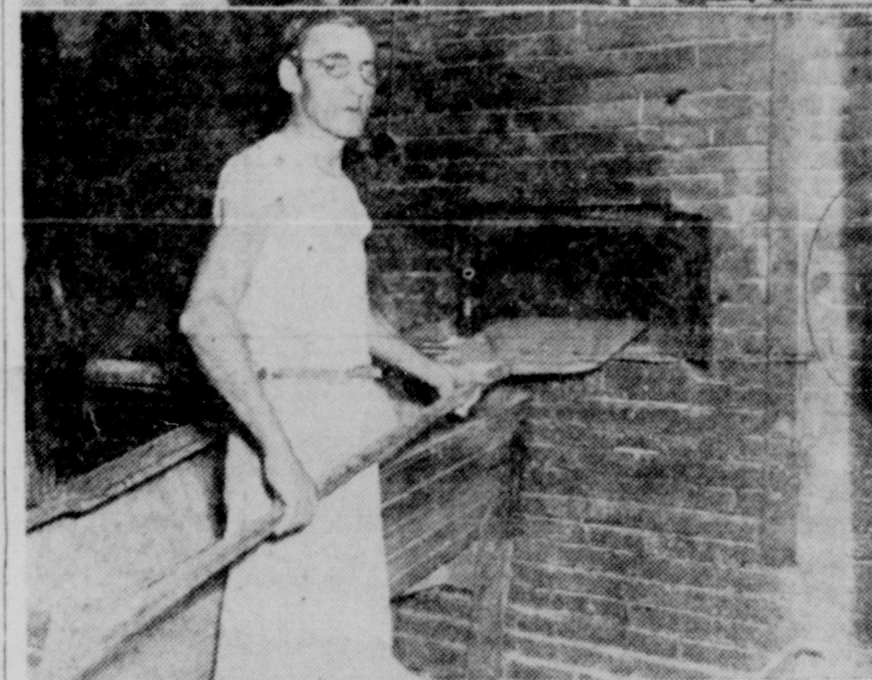

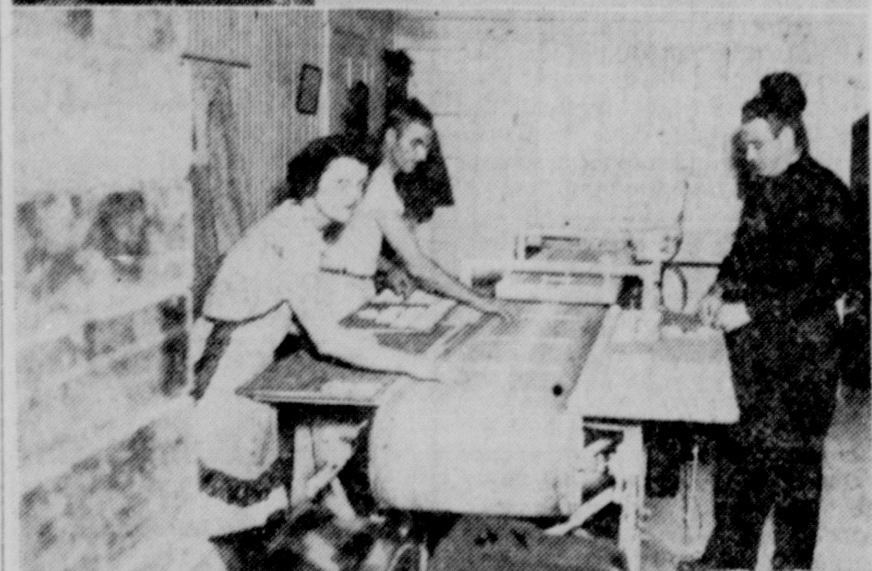

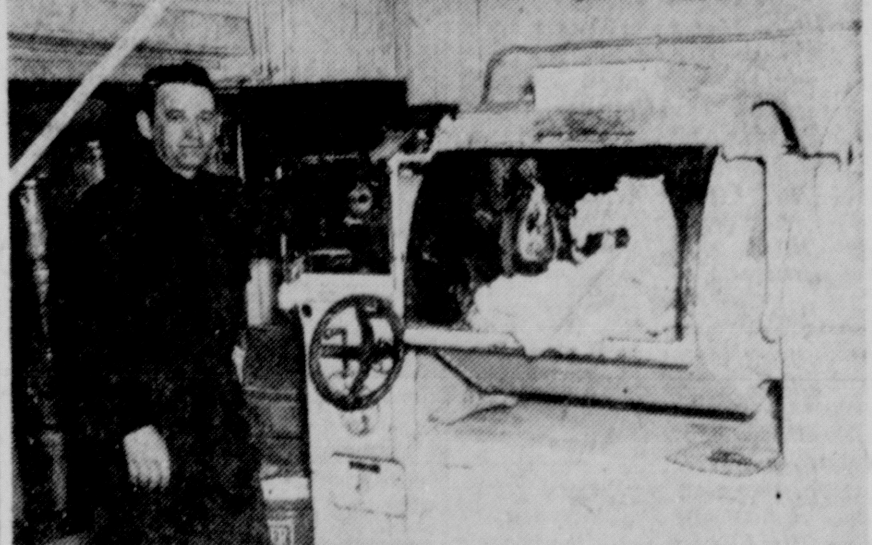

The roof fell on Monday with a thunderous roar, slightly injuring 14 other workmen. The body of Robert Lacey, 62, of nearby Venice, was dug out of the debris after three hours of frantic work by 50 men. The reservoir is being built for Santa Monica.

Lacey was pushing a wheelbarrow directly under the forms when it gave away. The others were atop the roof or nearby.

Clifford Kohler, Santa Monica resident engineer, said some of the underpinnings snapped and set up a chain reaction, causing the flat, nine inch thick concrete area to go down.

## 18,000 Hand-Twisted, Oven-Baked Pretzels Made Daily At Old Quaker Bakery, New Oxford; Estimate 50,000,000 Manufactured In 9 Years

(Continued from Page 1)

Top photo shows Mr. Klunk, proprietor, standing in front of the electric-powered dough-mixing machine.

Center photo shows the rounded strips of dough emerging from the conveyor. Employees take the strips and hand-twist them into pretzels. In this photograph are (left to right) Mrs. Marguerite Trone, Mervin Staub, baker, and Mr. Klunk.

Lower photo shows Staub with a withdrawal peel about to remove a batch of baked pretzels from the oven. In back of him is the kettle of boiling soda solution into which the pretzels are dipped before they are salted and baked.

er's death Fred was raised by Mr. and Mrs. William A. Lawrence, of New Oxford R. D.

The making of cigars is among Klunk's earliest memories. When he was about eight years of age he began to work in his father's cigar factory. When his father died, Fred's stepmother continued the business and he continued to work at the factory in his spare hours until his sophomore year at St. Mary's high school, McSherrystown. Then his stepmother died and the business closed.

During those years he visited an uncle in Lancaster county who had a neighbor known to Fred only as "Old Mr. Sturgis." The elderly man was a retired pretzel baker and he told the youngster many details of the making of pretzels and stirred in him an ambition to make the crunchy eatments if the opportunity ever arose.

**Was State Accountant**  
After high school Klunk attended the Southeastern Institute of Business at Cincinnati and then returned to Harrisburg where he was employed as an accountant in the bureau of liquid fuels, Department of Revenue.

About a decade ago New Oxford had an idle bakery shop on its hands. First it had been the Yohe baking company, and then the Smith and Overbaugh bakery. When Smith and Overbaugh closed, the ovens and equipment were idle for a time. Carl Ryder bought the place and started making pretzels in a small way, and then Klunk had an opportunity to buy the business—and realize his ambition of many years standing, dating back to his visits

in Lancaster and talks with "Old Mr. Sturgis."

#### Had One Employee

With Kenneth Aulhouse, of Hanover, as his baker, Klunk started in the pretzel business in August, 1940. Fred helped in the plant, but spent most of his time on the road selling his product. The following spring Klunk learned all about the business the hard way. Aulhouse became ill with blood poisoning and Klunk was faced with the alternatives of not fulfilling orders and going out of business, or doing the work himself. There were no bakers available, and Klunk started desperately recalling all of the pretzel baking knowledge he had gained in a short time.

The product of the first day or two went into the waste cans as experimental products. Then the pretzels began to emerge with the proper flavor, texture and quality. Klunk's description of the first day he operated the plant entirely by himself is brief: "It was very discouraging."

#### Make 18,000 a Day

Now 18,000 pretzels are turned out on the average every day. A few years ago with all mixing, breaking, rolling and twisting done by hand the

quantity was lower. Then most of the pretzels were sold locally, now they find ready sale throughout the southeastern part of Pennsylvania, with Old Quaker brittle pretzels on sale from Johnstown to Huntingdon and from York to Harrisburg. The company has three trucks on the road delivering the morsels and in addition five jobbers handle the product.

Where once one or two employees took care of all the work, today the employees include Mervin Staub and Clyde Bevenour, bakers; Mrs. Marguerite Trone, Paul Sponseller and Charles Rinehart who work at every operation; Clyde Sponseller, twister; C. W. Rinehart, packer; W. E. Hershey and Raymond Herman, salesmen and Klunk himself, who besides operating the establishment, assists on all of the jobs.

The pretzels, which vary in size from the juniors through standard size to the huge "mustard pretzel" with a different type of dough and which are sold most frequently at athletic events, begin their life as part of a 100 pound bag of locally blended soft, winter wheat flour, much of which comes from the D. H. Sharrer and Son mill at New Ches-

portons of flour, water, yeast, soda and malt are mixed in a dough tray by hand and permitted to ferment for several hours. Into that basic dough additional flour, water, malt, yeast and salt is mixed in a power mixer which will handle up to 250 pounds of dough at a time. After the dough is mixed and "broken" it goes to a conveyor roller machine which can be set to make strips of dough of any size and can be operated at any speed.

The dough goes into one end of the machine in huge batches, is drawn through an opening and sliced off into pieces about an inch in diameter by a revolving knife. This portion drops on a roller conveyor which rolls it into a round strip about eight or nine inches long.

Employees of the company then pick up the long strips of dough as they emerge from the conveyor and with a twist of the wrist convert each into the pretzel shape, and place them on proofing boards. The proofing boards, with their loads of 50 to 60 unbaked pretzels, are placed on a proofing rack to stand for a period of time that varies according to the weather. About 2,000 future pretzels are proofed for each baking.

The twisted dough is then dipped in a boiling, non-injurious, soda solution and then "handpeeled on an oort peel." That means they are placed on an oar like board to which is attached a handle about 12 feet in length. The peel is used to place the pretzels on the warm hearth of the oven which is maintained at from 400 to 450 degrees. After baking for about ten minutes, depending again on weather conditions, the pretzels are withdrawn by use of "withdrawal peels" and placed on drying racks. They then go to the dry kiln for about 12 to 16 hours before being placed in containers ready for shipment.

Registered with the Pennsylvania Department of Agriculture and licensed to operate under the pure-foods act, the Old Quaker pretzel is believed to be the only one of its kind baked today, in which the old fashioned dough and hearth methods are still used.

Klunk, proud of the pretzel he produces, still finds time for other activities including the presidency of the New Oxford Social and Athletic club. But his favorite activity is one that really keeps him busy—having a "glorious time" with his five youngsters.

# "DOWSER" USES WIRE PLIERS TO PICK WELL SITE

Stoytown, Pa., April 13 (AP)—The Stoytown Water Co. today prepared to drill for water at a site selected by a Lancaster county dowser.

The dowser, or "water smeller," is Dave King, an Amish farmer of Intercourse. He turned thumbs down on such primitive devices as peach twigs in his water "divining" here yesterday and used an ordinary pair of wire pliers.

Select "Jumping Spot"

Grasping the pliers firmly in his hands, King paced slowly over the water company's land just east of town. From time to time, the nose of the pliers turned downwards. A couple of times they jumped entirely out of King's hands.

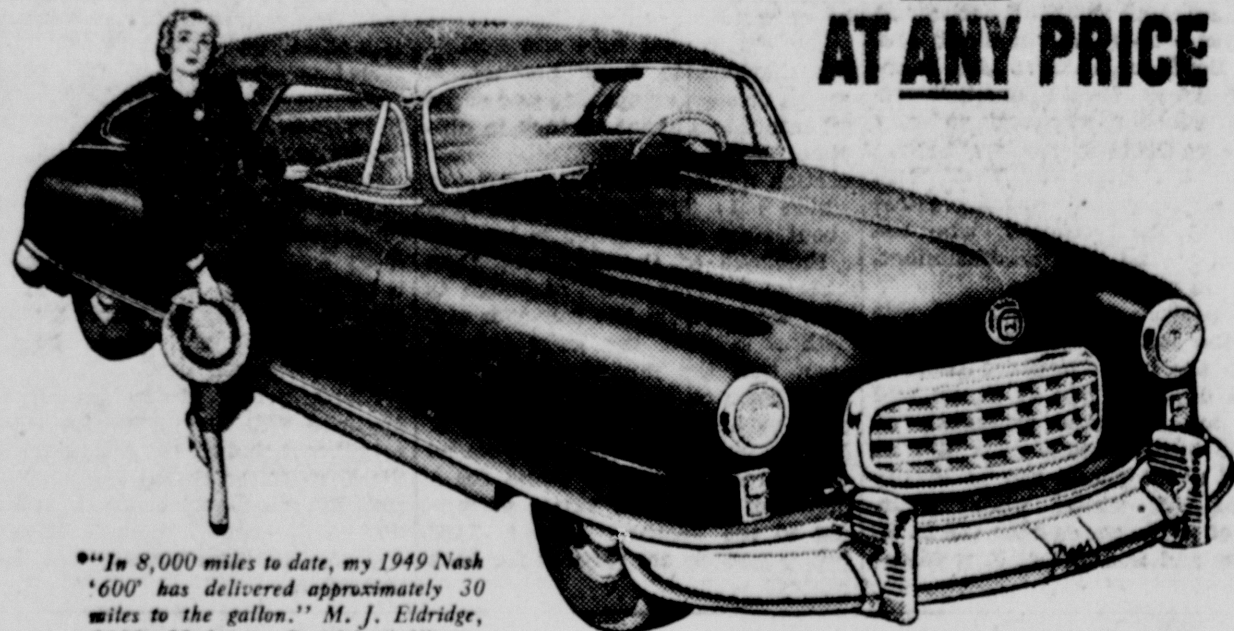

"When they turn down," said King, "it means there's water there. When they jump out of my hands, there are several streams of water there."

One of the "jumping" spots, where King predicted three streams of water would be found, was chosen as the site of the well to replenish Stoytown's depleted water supply.

Decided On Depth

Using an empty water glass, and a gold ring suspended on a silk thread, King attempted to determine the depth at which water would be

## East Berlin

East Berlin—Miss Ethel B. Reser, assistant at the local post office, was confined to her home by illness during the past week.

Mr. and Mrs. George W. Moul and family had a recent house guest, Mrs. O. C. Dean, Hanover.

Mrs. Augustine J. Tierney was a visitor to Hanover during the week.

Paul Price, who was recently discharged from the hospital where he was a patient for several months, is able to be about his home.

Wayne D. Thomas, Thomasville R. 1, son of Mrs. Fanny Eyster Thomas and a graduate of the 1947 class of the local high school, sang on Palm Sunday afternoon at services in a York church. The young man, who recently gave a highly successful vocal concert in New York, has recovered from the auto-truck collision last week in which he sustained severe shock requiring brief hospitalization.

Word has been received here of the serious illness of Mrs. Richard E. Shaffer, wife of the pastor of the Kreutz Creek Reformed church, Hallam, formerly of the local church, who has been in the York hospital for her second operation within a few months.

The students of the local high school are sponsoring a "Farmer and Farmerette" skating party Thursday evening, April 14, at Forest park, near Hanover. The public is invited.

A son, their first child, was born Friday to Mr. and Mrs. Harold E. Hoffman, at the West Side Osteopathic hospital, West York. Mrs. Hoffman was formerly Miss Vera Nursus, Providence, R. I., a native of Armenia. The father is the youngest son of Mr. and Mrs. Raymond L. Hoffman, Sr.

Harold R. Shetter, a son of Mr. and Mrs. George L. Shetter and physical education instructor at Trinity college, Hartford, Conn., is spending a two-weeks' vacation at the home of his parents.

Jay and Kay, twin son and daughter of Mr. and Mrs. Eugene W. Sheely, who were born February 17 at the West Side Osteopathic hospital, York, and given incubator treatment since that time there.

found.

The ring was set swinging, pendulum-wise, in the glass, directly over the chosen spot. Each time the ring jingled against the side of the glass, King counted one foot of depth. The ring counted 140 times.

King said the first stream of water would be found at 140 feet.

## Britons Promised More Nationalizing

London, April 13 (AP)—Britain's Labor party promised Tuesday to nationalize at least five more major industries if returned to power in the next general elections.

The party announced a campaign platform for 1950 tabbing cement manufacture, part of the life insurance business, sugar manufacture and refining, private and municipal water companies, and "all suitable minerals" for public ownership.

Moreover, it warned "all steps necessary"—presumably including nationalization—will be taken to prevent a repeat of the 1930 slump in the shipbuilding industry. And it declared that key sections of the chemical industry will be nationalized if necessary "to assure vital national interests."

The program held forth no promise to reduce taxes or end rationing. It said rationing and rent controls will continue as long as there are shortages. The party pledged increased education, more houses, "steady development" of socialized medicine, speedier re-building of blitzed areas, and a better chance for old people to continue working.

Cleveland, April 13 (AP)—An elderly housewife tried to strangle herself in a jail cell Tuesday. She had admitted to police she choked a neighbor boy to death last night because of "an urge to kill." A police matron said she twice prevented Mrs. Tillie Maschmeier, 64, from choking herself with her hands.

were discharged last week and taken to their parents' home in New Oxford. Mr. Sheely teaches at the local high school and his wife, daughter of Mr. and Mrs. Oscar G. Mummert, near Red Run church, also taught there for some time.

Mrs. Robert L. Burgard and daughter, Cheryl, R. 2, were recent visitors at the J. William Dull home, Carlisle. Mr. and Mrs. Dull, formerly of here, are Mrs. Burgard's foster parents. The Burgard family is preparing to move to Newville shortly.

The Mite society of Zwingle Reformed church will prepare and serve a banquet in the annex of their church to be given by the New Oxford Masonic lodge for their "Ladies' Night" on Thursday evening, April 21.

Thirteen players in the National Hockey League have played ten or more years in hockey's big tent.

## GOOD NEWS FOR SICK PEOPLE

STOMACH AILMENTS, WEAK KIDNEYS, RHEUMATIC PAINS, ARTHRITIS, NEURITIS and such complaints as Headaches, Nervousness, Acids, Toxins, Bloating, Lack of Vitality, Energy, Poor Appetite, Underweight, Dizzy Spells.

### Drugless Health

IF YOU ARE a sufferer of these ailments, try GEO-MINERAL. You may be astounded at the results. You need not guess—you will see facts. GEO-MINERAL comes from the earth—Nature's Laboratory. Contains NO drugs, NO alcohol, NO oil. ONLY Nature's minerals, the oldest, most reliable remedy for rheumatism, arthritis, kidney and stomach ailments.

GEO-MINERAL will enrich your blood, help to make you strong (full of pep, life and energy). Lack of minerals in the blood causes anemia, headaches, nervousness. Minerals generate mental brilliancy, give sparkling eyes, red cheeks, fight disease, build up health.

### Wonder Minerals

RHEUMATISM, arthritis are dreadful diseases. Acid condition in the blood is often their cause. What could be the remedy? For thousands of years, minerals have been used to relieve the pain and suffering of these ill-fated people. The advice of doctors, go to mineral springs to find cure, or relief. The late President Roosevelt used to go to Warm Springs in Georgia. He was helped or would not have gone there regularly twice a year.

YEAR after year, people rush to mineral springs and spas, to drink and bathe in their miraculous water. We have all heard of the wonderful springs of Lourdes, France, and famous Thronion in ancient Greece where, according to legend Hercules, the god of eternal strength and youth, drank its waters and bathed to be forever young.

### Amazing Results

GEO-MINERAL contains minerals you get at the world's best springs. Watch your elimination from your bowels a day or two after using it. The waste, black as the color of your shoes, will start to break away, and you will SEE it. Also examine your urine. You may see impurities—poisonous waste—coming out of your kidneys, relieving you. And then realize the priceless value of GEO-MINERAL.

GEO-MINERAL is not a physic and does not interfere with the foods in the stomach. It cleans and purifies the intestines, thoroughly relieving gas, toxins, acids, and bloating. After these poisons are out of the system and the kidneys purified, we begin to feel the arthritis and rheumatism leaving, and Nature starting to complete the recovery.

### We Guarantee

WE URGE everyone to try GEO-MINERAL. Do not hesitate one moment. Go to your drug store now. Get one bottle. Use it one week. If you are not 100 per cent satisfied, we will refund your money in full.

REGARDLESS of how long you have been suffering, and how many medicines you have tried before, GEO-MINERAL may be the remedy you need! It may do wonders for you—and be the best investment for your health. Make you feel, eat, sleep, work and enjoy life better.

## News Of Building

### CLOSET SPACE IS IMPORTANT

Builders might benefit if they had an opportunity to hear home owners voice their grievances over defects in dwellings.

As suggestions for builders and contractors, a magazine recently conducted a poll of those features of a home—or lack of them—which irked home owners most. Lack of closet space was the complaint voiced most often, with an inadequate supply of electric outlets next in the voting.

### Poor Heat Scored

Third in the unpopularity contest was uneven distribution of heat, while other complaints included poor kitchen arrangements, drafts, rooms that provide no wall space for furniture, and rooms that lack sunlight.

Families with children complained about lack of space for keeping toys, and a universal protest against inefficient hot-water heaters was sounded. Garage doors that don't work were among the unpopular items, while a large number of feminine votes went to the house that is inconveniently arranged for care and upkeep.

Other items on the list of grievances against builders, included refrigerators that are not large enough to store the family food supply, drain pipes that clog, lighting fixtures that glare, basements that flood with every rain, garages too small for ease of movement, pipes that rust, dark hallways and stairways, screens that rust, and weak water flow.

### TROUBLE-FREE PIPING HELPS

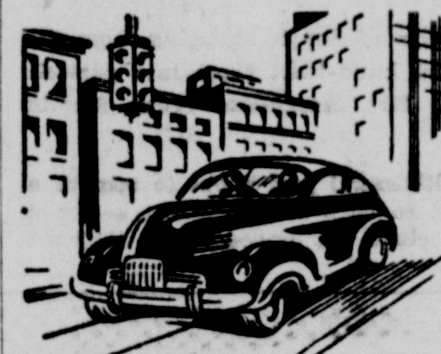

Due to the fact that most of the plumbing and heating piping is concealed behind the walls and under the floors, few people give it a thought, yet the livability of a house depends directly on the trouble-free performance of the piping system.

In the average two-story house there may be as much as 300 feet of plumbing and heating piping hidden behind the walls and floors.

The plumbing piping consists of the supply pipe, waste pipe, vent pipe and the soil pipe. The amount of piping required for the heating plant depends on whether the system is one or two-pipe steam or hot water, vapor, or vacuum.

Designed for Durability  
Pipe is taken for granted. The av-

# Timely And Modern Suggestions Presented By Builders And Contractors

## 'Square' House Has Real, Homey Charm

The "square" house invariably is the least expensive. But it can possess a wealth of homey charm. This is demonstrated in "The Bourne," a four-room cottage introduced today by "Home of the Week" Plan Service.

This all-on-one-floor home, with a 30x25 foot-over-all measurement and a cubage of 15,000 feet, has the same solid, low-setting appearance that is usually associated with the Cape Cod cottage. The floor plan provides good circulation.

**Full Basement Provided**  
The house has a full basement, reached by a stairway leading down in back of the central chimney. If desired, the basement could be eliminated and the space now given over to the stairs converted into a utility room to accommodate a heating plant.

The house pictured is finished with grey stained shingles and a green-shingled roof. Wide, painted clappards could be used instead of shingles on the side walls. Iron railings set off the entrance platform before the simple Colonial doorway. The front door opens directly into a 12x16 foot living room in which the fireplace, centered in the long inside wall, and a bay-window share prominence. At either side of the fireplace, doors open into the kitchen and to an inner hall.

**Efficient Kitchen**  
The kitchen, 9x11 feet in dimensions, has two windows and a glazed service entry door, giving the room good cross lighting and ventilation. Refrigerator, working counter and sink are aligned along one wall. The bathroom opens from the small hall, just off the kitchen. A storage closet in this hall could be used for brooms, etc., or there is possibility of installing a broom closet just opposite the refrigerator. In the kitchen over the basement stairs.

Two bedrooms open off the inner hall, these rooms measuring

12x12 feet and 9x12 feet respectively. Each has cross windows on two sides. There is a good sized clothes closet in each bedroom. Between the bedroom doors, opening on the hall area, there is a linen closet. A house such as "The Bourne" should be provided with insulation over all room ceilings. A southeast to northwest exposure is also recommended for this particular cottage.

## Colored Concrete Beautifies Terrace

Concrete terraces can often be made more attractive by giving them color, as the natural dull gray hue of cement contributes little to the brightness generally sought for the outdoors.

Paint authorities advise in staining concrete first to wash the surface thoroughly with washing soda or trisodium phosphate in order to remove any grease. This solution is

made by dissolving a pound or a pound and a half of the chemical in a gallon of water. After cleaning the surface, it should be carefully rinsed with water and given two days for thorough drying.

Paint experts warn against using concrete stains which contain creosote.

**FHA FAVORS INSULATION**  
Unqualified approval of complete house insulation was given recently by Thomas G. Grace, New York State director of the Federal Housing

Administration, who said that he would like to see full insulation on every property on which it insured the mortgage.

# NAVAL AVIATION APPROPRIATIONS BATTLE MOUNTS

Washington, April 13 (AP)—A fight over naval aviation swirled today in the House around a record peace-time \$16,000,000 Army-Navy-Air force bill. Backers of a bigger naval aviation force want to add about 300,000,000 to the bill to give the Navy more wings.

They include such influential members as Chairman Vinson (D-Ga.) of the armed services committee, and Reps. Sikes (D-Fla.), Shepard (D-Calif.) and Short (R-Mo.). In advance of a showdown vote late today, they claimed enough support to raise the Navy's share of

the big bill to at least \$5,318,873,600, or \$300,000,000 more than the appropriations committee has approved.

**No Other Major Changes**

The extra money, in the form of contract authorization, would permit the Navy to acquire 1,361 new planes during the next fiscal year beginning July 1 instead of the 843 provided by the committee, Vinson said.

While the appropriations committee made no cut in budget bureau estimates for naval aviation for the 12 months, Vinson told newsmen the effect of the committee action would be to have 5,058 Navy planes at the end of 1955 instead of the 8,166 contemplated.

Rep. Short, top Republican member of the armed services committee, accused the appropriations group of having "cut the heart out of naval aviation."

There were no moves in sight to

# AGED GROOM OF TWO DAYS DIES

Poulan, Ga., April 13 (AP)—Chase S. Osborn, who rose from a log cabin to Michigan's executive mansion and great wealth, died Monday.

The tough, 80-year-old political reformer, author and adventurer finally lost his stubborn, five-year battle for health. Death came at his picturesque Possum Poke home in Possum Lane, near Poulan, in southwest Georgia.

At his side was his bride of two days, 55-year-old Stellanova Osborn. Mrs. Osborn had been his constant companion for 23 years, first as his secretary, as his adopted daughter

for 18 years, and finally as his wife. The adoption was voided shortly before their marriage Saturday.

Death was attributed to the after-effects of pneumonia. It was the last of a series of illnesses which plagued the crusty old former governor since 1944.

He died at 5:25 p. m. (EST), about two hours after taking a sudden turn for the worse and lapsing into unconsciousness. Close friends said that just before Osborn went into his final sleep, his wife knelt by his bedside and said:

"I love you."

His last words were:

"I know that, Honey. I am well aware of that and you have made me immensely happy."

**DENIES "SLOW DOWN"**

Washington, April 13 (AP)—Senator Taft (R-Ohio) denied Tuesday that Republicans are waging any deliberate slowdown in Congress against administration legislation.

Senator McGrath of Rhode Island, the Democratic national chairman, had raised the issue previously. He said in a statement that the Democrats are "on the side of action and the Republicans are on the side of inaction."

# NEW 'TRIO - ART' PIANO COMBINES RADIO, RECORDER

Philadelphia, April 13 (AP)—Louis Luberoff says he's got the answer for mothers who despair of making their children practice the piano.

He's built a different kind of a piano.

It looks like a spinet. But underneath three separate "lids" that open you find, from right to left, a record player, a radio, and a recorder.

The name of the three-in-one instrument is the "trio-art" piano and it went on sale today.

How will it make Johnny practice his scales when he'd rather be out playing baseball?

**Result of 20 Years' Work**

Luberoff explains. Put on a recording of what Johnny is supposed to play and while the record spins, Johnny can play right along with the recording artist. For the motor of the turntable has changeable speeds so Johnny and artist can get together.

And just to make sure that Johnny knows how he sounds, he can turn another gadget on the piano and cut a record of his own playing.

The trio-art piano, says Musician-Engineer Luberoff, is the result of 20 years of experiment and work.

"It all began," says the 48-year-old inventor, "because I thought the tone of the spinet too anemic. I decided it needed a shot of hormones in the form of amplifying the harmonics that break up before they are heard by the human ear."

**Can Be One-Man Band**

Luberoff continued: "The problem was to 'stretch' the harmonics produced by a 34-inch-string in a spinet to the tonal length of the strings of a grand piano." The engineer turned to electronics to do the stretching by picking up the dying impulses of the piano string and amplifying them.

Luberoff, who designed the pipe organ for Philadelphia's Convention Hall and the ballroom of the Waldorf-Astoria hotel in New York, said his new piano has unlimited uses in the educational field and entertainment world.

Entertainers, with the aid of re-

cording, can literally become a one-man band, Luberoff said.

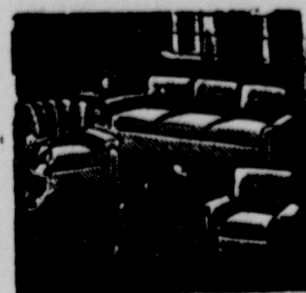

Just imagine playing a duet with Duccin or harmonizing with Horowitz. With a three-in-one piano you can do it, says Luberoff.

**GETS THE LIMIT**

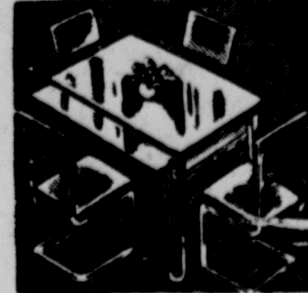

Pittsburgh, April 13 (AP)—Ralph Thompson, 49, today began a 15 to 20 year term in prison for criminal attacks on two women six years ago. Thompson, identified by both women

as the attacker, was returned recently from Vancouver, B. C., by the FBI. Judge Ehrny X. O'Brien, in passing sentence, said: "I'm sorry I can't give him more."

# 5 doctors prove this plan breaks the laxative habit

If you take laxatives regularly—here's how you can stop!

Because 5 New York doctors now have proved you may break the laxative habit. And establish your natural powers of regularity. Eighty-three per cent of the cases tested did it. So can you.

Stop taking whatever you now take. Instead: Every night for one week take 2 Carter's Pills. Second week—one each night. Third week—one every other night. Then—nothing!

Every day: drink eight glasses of water; set a definite time for regularity.

Five New York doctors proved this plan can break the laxative habit.

How can a laxative break the laxative habit? Because Carter's Pills "unblock" the lower digestive tract and from then on let it make use of its own natural powers.

Further—Carter's Pills contain no habit-forming drugs.

Break the laxative habit... with Carter's Pills... and be regular naturally.

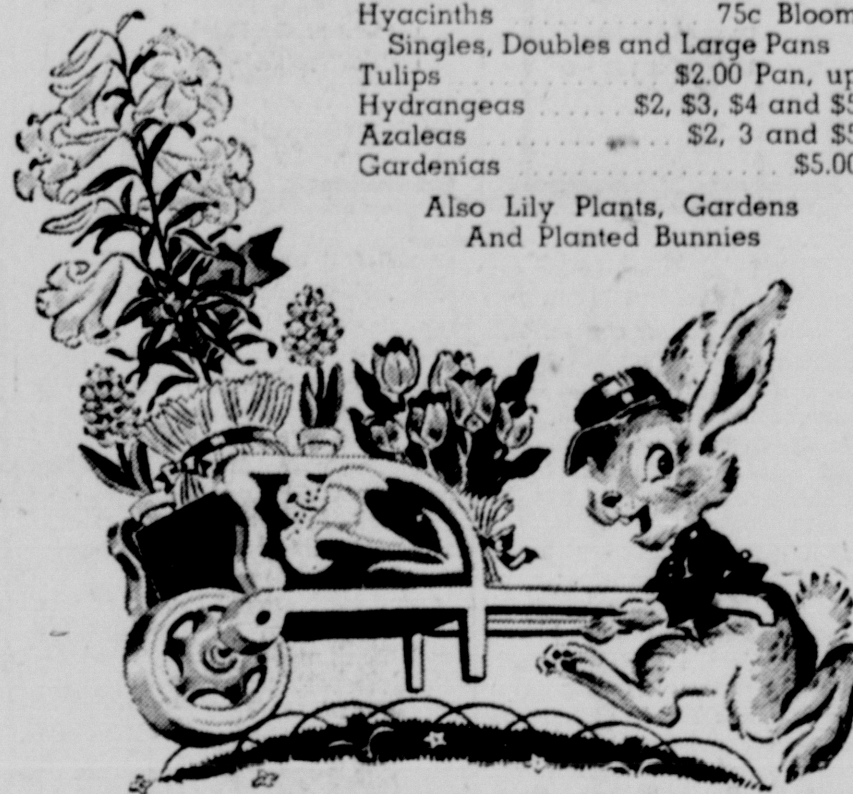

When worry, overeating, overwork make you irregular temporarily—take Carter's Pills temporarily. And never get the laxative habit. Get Carter's Pills at any drugstore for 33¢ today. You'll be grateful the rest of your life.
